City - C. of C. plan industrial growth program

1966 PROGRESS EDITION

The Campbell Press

Serving the Hub of the West Valley Since 1895

Vol. 74 No. 3 Wednesday, January 19, 1966

PARTNERS in Progress City of Campbell and Chamber of Commerce

Campbell Chamber of Commerce and the City of Campbell hope to establish a "partnership" arrangement in 1966 for the improvement of Campbell's industrial climate, according to city and C. of C. officials.

City and C. of C. officials are in agreement that Campbell meets the necessary industrial requirements for light manufacturing and efforts should be made to encourage industries to locate within Campbell's corporate limits.

And both agencies intend to work toward that goal in 1966.

A definite program is being drafted which specifies the advantages of a Campbell location for new industries which include the type of zoning available, the availability of the necessary utilities and transportation and other factors which make up an ideal industrial park. Included also will be what land is available for any such development.

According to C. of C. officials, more than 40 new industries have joined the Campbell community within the past few years. This indicates that this community meets the conditions for which industries are looking.

Chamber officials point with pride to the climate with an average rainfall of 14 inches falling between November and April which leaves seven months of dry weather.

They also show that the City of Campbell operates under a sound fiscal policy with a tax rate of $1.27 per $100 assessed valuation (including bond redemption) and that the assessed valuation of the city is now $38,690,400 with a population of 21,800.

Other community assets include the many educational facilities available from the grade school through college. The Campbell elementary system operates 19 schools in the area and within the Campbell sphere are elementary schools of the Moreland and Cambrian district, in addition to a number of paraochial schools.

The Campbell Union (Continued on page 2)

C. of C. sets new record for membership

AT THE HELM--Officers of the Campbell Chamber of Commerce for 1965 were reelected by the board of directors at the first meeting in 1966. Pictured above are, left to right, DICK HARDY, Ainsley Corp., president; GENE KELLEY, First National Bank of San Jose, Campbell, vice-president and BILL OLTMANN, public accountant, treasurer.

Membership in the Campbell Chamber of Commerce is expected to hit a record high of 400, it was announced today by Lee Sicard, membership chairman, who heads a committee of 18.

Present membership now stands at 248, and an additional 200 is hoped for during the coming year. In 1965 the greatest gain (64.7%) in the history of the Campbell Chamber was made in a matter of a few months. In August the Ambassador Committee was formed with John Faber as chairman.

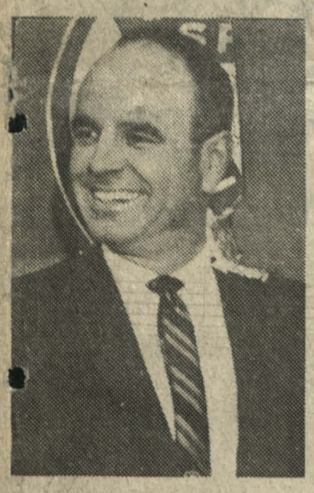
A one day membership drive was conducted in October, and with a tentative goal of 50 new members, 57 new members were enrolled making it the most successful membership drive in the Chamber's history.

Two ambassadors trophies were awarded at the conclusion of the campaign with Bill Oltmann receiving the "Most New Members" award and Oscar Sorenson the award for "The Most Money Brought In".

The "Ambassador of the Year" award will be made at the annual installation dinner-dance Jan. 20 which will be held at the Villa Felice.

The Campbell Chamber of Commerce is affiliated with the United States Chamber of Commerce, California State Chamber of Commerce and the Santa Clara County Associated Chamber of Commerce in order (Continued on page 2)

STRESSES PARTNERSHIP--Mayor Charles Rose (above) offers the official greetings of the City of Campbell to the Chamber of Commerce at the installation dinner. The mayor has long emphasized the importance and need of close cooperation between the C. of C. and the city administration in order to build a better community. The full statement of the mayor appears on the inside pages of this progress edition.



JUDGE INSTALLS--Judge Richard W. (Dusty) Rhodes, of the Los Gatos-Campbell-Saratoga Municipal Court, will install the 1966 officers and directors of the Campbell Chamber of Commerce at the annual installation dinner-dance at Villa Felice this Thursday, Jan. 20.

Committees play big role in C. of C. projects

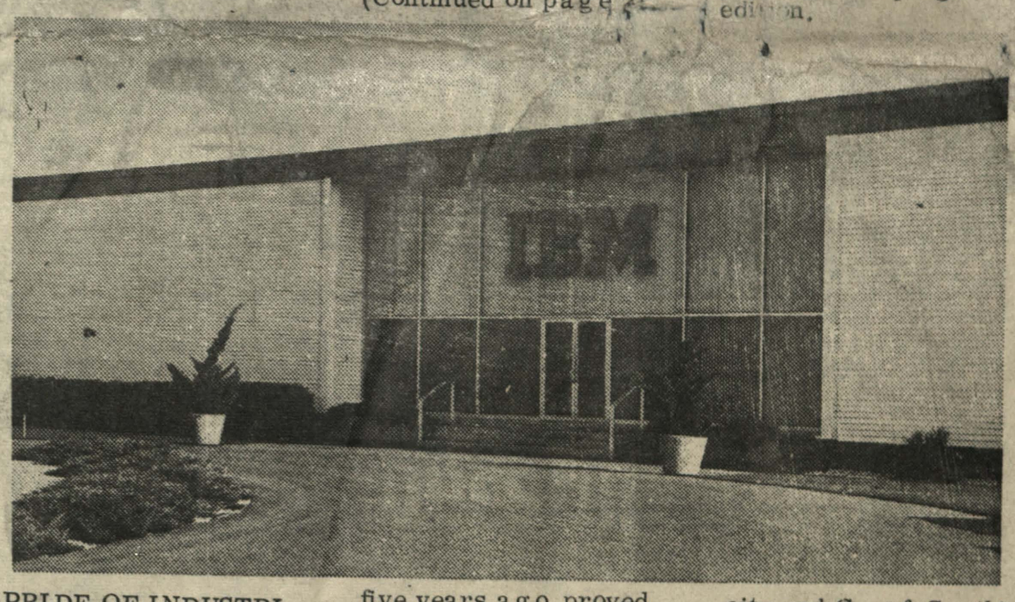
Through established committees, the various and complex problems of the community will be examined, analyzed and studied and then presented to the directors and full membership of the Campbell Chamber of Commerce, if further action is necessary.

Officers of the C. of C. feel that Campbell is at the challenging point in its history and they expect the committees to play a major role in the progress of the community in 1966.

The committees will be expected to initiate discussion and propose solutions. The chairmen and committee members desire the interest and involvement in community projects and problems on the part of all interested citizens in 1966. They hope to encourage active participation in the various civic problems on the part of all citizens.

They maintain that with all business, professional and civic-minded citizens of the community working together, Campbell is bound to progress from the fine city of today to the city of excellence tomorrow.

Committees and their chairmen include: ambassadors, Lee Sicard; industrial, Holly Vol- (Continued on page 2)



PRIDE OF INDUSTRIAL PARK--The location of an International Business Machines card plant in Campbell's industrial park five years ago proved conclusively that this community has much to offer industry. It will be the goal of the city and C. of C. this year to encourage similar industrial developments in the community.

Expanded board (15) directs '66 action

A well-balanced cross-section of the business and professional community of Campbell is represented on the 1966 board of directors of the Campbell Chamber of Commerce. The board was expanded to 15 members this year by a by-law change.

Members of the board come from such varied fields as banking, accounting, law, medicine, industry, retail merchandising, newspaper and public utilities.

The board is composed of nine new directors and six carry-over ones.

Chamber of Commerce lists 10-point "platform"

Richard Hardy, incoming President of the Campbell Chamber of Commerce, has announced a 10 point program for the Chamber during its 1966 year.

Hardy, vice president of The Ainsley Corp. in Campbell assured the officers and directors that the Chamber intends to make tangible contributions to the progress of Campbell during 1966.

The 10 main projects in the Chamber program for the year includes:

1. Stimulate development, and off street parking.
2. Bring in new industry.
3. New and stronger retail and commercial division to help improve the economic climate of all business areas in Campbell.
4. Promote cultural affairs.
5. Promote City beautification.
6. Develop a strong Ambassador's Committee, increase and retain membership.
7. Legislative committee.
8. Youth recognition.
9. Public Affairs.
10. Publications - New City and Industrial directory.

Hardy broke the Chamber's program down into three main divisions: public affairs, community development and industrial growth.

Through its public affairs activities the Chamber will discuss community problems with the proper officials, work with the city, county and state to assure the best program for Campbell. In the area of community development, Hardy said the main objects of the Chamber for the coming year will be to bring more retail trade to Campbell and develop a City Directory Buyer's Guide as one method of improving service to existing business and professions. Also planned is a community advertising program.

In the area of Industrial Development, the Chamber plans to promote the industrial growth within our City, and to distribute a New Industrial Brochure pointing out the attractions offered to potential plant site seekers in our area.

MORE ABOUT

Membership

(Continued from page 1)

to keep abreast on the total Chamber program.

Jim Duffield, C of C manager, also maintains professional membership in the chamber management professional field including the American Chamber of Commerce Executives, the California Association of Chamber of Commerce Manager and the Southern California Association of Chamber of Commerce Manager.

Duffield points out that the chamber looks forward to 1966 as the year of total involvement for our community life. Every Chamber of Commerce must have a progressive membership or ambassador division if members are to be added to the rolls.

Deep appreciation to all members, new and old, was expressed by Duffield who added that the newest member of the organization was Grace Hebard, Mimeographing Service.

MORE ABOUT

Committees

(Continued from page 1)

lenweider; finance, Harry Lind; professional, William Kuhlmann, M. D.; fire and police safety, Gene Borden; youth activity, John Morgan; school and church, Laurance J. Hill; streets and highways, Ted Regas; zoning and redevelopment, John Faber; public and community relations, George Vierhus; retail, Meryl Mac Lean.

ONE OBJECTIVE- One of the objectives in the 10-point program for the Campbell Chamber of Commerce for 1966 is the development of off-street parking areas in town. One of the prime movers in initiating a parking district has been John Faber, a C. of C. director and chairman of the downtown redevelopment committee. He is pictured above (right) with Elmer D'-Angelo of the engineering firm that has done preliminary work for a parking district.

MORE ABOUT

City - C. of C.

(Continued from page 1)

High School now has six schools in the district.

West Valley College, temporarily located in Campbell in the former Campbell Grammar School, has more than 5000 students enrolled.

Both city and C. of C. officials point with pride to the IBM card plant that is located in the industrial park of Campbell. In the 70,-000 square foot operation more than 200 people are employed. They maintain that the establishment of the IBM plant indicates that the area meets the requirements for the biggest industries as well as the smaller ones that will be encouraged to come to Campbell in the aggressive joint program launched by the city and the C. of C.

Industrial growth means much to Campbell, civic leaders point out.

They cite the fact that 100 industrial workers normally bring in $590,000 in annual payroll which, in turn, increases bank deposits by $250,000. This boosts apartment and house sales, creates jobs for other people and adds $36,000 in retail sales.

These are the basic reasons why the city and the Chamber of Commerce are vitally concerned in improving Campbell's industrial climate.

City manager stresses importance of future objectives in report for 1966

By Robert Stephens
City Manager, City of Campbell

BOB STEPHENS
--City Manager

No city can rest long on its past accomplishments. In looking ahead to 1966 we do so optimistically. Campbell's city government must grow with the economic growth of its commercial, industrial and residential communities - next year and in the foreseeable future. Our objectives for better city government in Campbell during 1966 are too numerous to describe within the limits of this article.

The following major objectives for 1966 represent those which we believe will result in the greatest impact upon the future economy and physical growth of the city towards our goal of making it a better place to live and work!

1. A city's image to the outsider is reflected by his first impression of its central core. Downtown property owners will determine in 1966 how and when off-street parking facilities will be provided. The City will be provided. The city plans to improve Campbell Avenue in conjunction with the proposed off-street parking lot improvements. If these two major improvements to the downtown area result in 1966, a major objective will have been realized.

2. Industrial growth results in new jobs and the assurance of a sound economy and tax base for the community. Campbell has many undeveloped industrial sites for a community of its size. As a working partner with the Campbell Chamber of Commerce, your city's officials intend to concentrate their efforts in the area of industrial development during 1966.

3. Progress and growth requires changes - desirable changes in the best interests of the city in turn require good planning. 1966 will see the re-evaluation of all of the planning elements of the city - traffic circulation, parks, public facilities, planning policies and legislation and precise land use plans for each area of the city. 1966-67 planning will provide a firm foundation and blueprint for the future Orchard City.

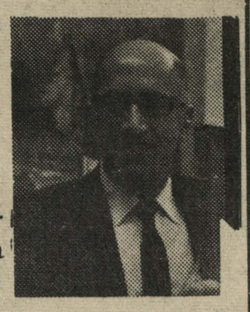
4. The development and beautification of Los Gatos Creek has been a major city objective for many years. Santa Clara County assumed a role of leadership in 1965 by purchasing ten acres for park purposes, adjacent to the percolation ponds on Camden Avenue. Your city officials intend to continue working actively with the County Flood Control District, Water Conservation District, State Division of Highways and Property Owners with creek frontage in a major beautification and development program for the entire Los Gatos Creek area in 1966.

The above represents the desired results - or major objectives as we have chosen to call them - which we hopefully, and with confidence, intend to achieve or initiate during 1966.

As fellow citizens of Campbell, we would welcome your ideas or suggestions for 1966 objectives. Of all of the levels of government: federal, state, county and city, there is none that serves more of your daily needs and is more responsive to your immediate desires than YOUR CITY GOVERNMENT.

Mayor's message

The City of Campbell, with a great potential for a Business and Industrial Climate, has turned the corner toward achieving the ultimate goal of a well balanced community. In the past six months the commercial and industrial investments have increased and we hope will increase at an accelerated pace.



MAYOR ROSE

Striving for a better community in which to live, a better community for business and industry, requires the fullest cooperation, teamwork and interest of all the people.

Your enthusiasm and participation is needed and greatly appreciated.

Thank you,
Mayor Charles Rose

Residents get chance to express views on city park program

In order to obtain the reaction of the citizens of the community to an expanded parks and recreation program for the community, the Parks and Recreation Commission, with the City Council's approval, is conducting a survey.

Questionnaires will be submitted to every household in the city by Boy Scouts. The Scouts will also pick up the answers the following day.

Bill McLain is chairman of the Parks and Recreation Commission and Leroy (Blackie) Black is the city's parks superintendent.

Here are some of the questions that are being asked in the survey with the explanation as to reasons for the survey as drafted by the commission:

As cities grow and suburbs sprawl. It is important to take stock of what each city has in the way of playspace and look into the future to see what will be needed as the population grows.

The City of Campbell's present park system consists of three areas. Campbell Park. 8949 acres, Virginia Avenue Tot Lot .7510 acres, and Rincon Park 7.5305 acres (undeveloped)

Supervised recreation activity for elementary age children is provided year-round at the nine elementary schools within the City by the Campbell Union School District. A summer vacation recreation program is conducted at the Campbell High School by the High School District.

With this thought in mind, the Campbell Parks and Recreation Commission requests your cooperation in helping to determine the desires of the citizens and the needs of the community. Your answers will assist this Commission to prepare intelligent recommendations for presentation to the Campbell City Council to develop the best possible Parks and the Recreation Program for YOUR community. Thanks for your assistance.

1. Are you familiar with the existing parks in Campbell?
YES____ NO____
2. Do you WANT Parks and Recreation in Campbell?
YES____ NO____
3. Are you willing to support financially an expanded parks and recreation program in Campbell including LAND ACQUISITION, DEVELOPMENT and MAINTENANCE?
4. What type of FINANCING would you prefer (check one)?
Bond issue_____
Increase in Taxes_____
5. Do you feel the City should provide SUPERVISED RECREATION beyond that which is now being provided by the School Districts?
YES____ NO____
6. What KIND of PARK would you prefer (check one)?
Large Central_____
(20 acres minimum)
Neighborhood_____
(7 acres minimum)
Both_____
7. How FAR would you TRAVEL to use parks and recreation facilities (please check)?

Downtown off-street parking district faces crucial test

One of the most important projects "in the hopper" for the new year is the development of off-street parking in downtown Campbell.

Before any long-range improvement program, including the civic center project and other facilities, can be undertaken, it first must be ascertained whether the off-street parking district will become a reality.

The Downtown Redevelopment Committee composed of downtown Campbell property owners is now circulating petitions among all the other property owners in the proposed off-street parking district, according to John Faber, committee chairman.

The petition must be signed by property owners representing more than 60% of the total land area.

According to the committee, the proposed off-street parking improvements will greatly enhance the value of the property and the income that is desired from it.

"We ask property owners for their co-"as this is the zero hour for downtown Campbell. This project can be a reality if the petitions are signed at once."

The committee has listed the following basic points as to why off-street parking in downtown Campbell must be provided soon:

Downtown Campbell merchants, property owners and City officials have for many years recognized the need for adequate off-street parking.

Planning, traffic, and engineering studies of downtown Campbell are in common agreement off-street parking is a must, if this district is to survive as a commercial professional center.

The most recent studies relating to off-street parking in downtown Campbell were completed by the engineering firm of Creegan and D'Angelo. The proposed off-street parking plan would provide for 768 off-street parking spaces.

The total estimated cost for acquisition, development, engineering, legal and contingencies for the proposed improvement district for these 768 spaces would be $1,360,000. The complete finance plan is discussed in the Question and Answer section of this Summary Report.

CHAIRMAN--John Faber, chairman of the downtown redevelopment committee, a long-time leader in the fight to form an off-street parking district, maintains that the "zero hour" for downtown Campbell is now at hand.

QUESTIONS-ANSWERS

A map showing the boundaries of the parking district has been drafted; basically it includes that area between Winchester and the railroad tracks.

They include only those properties which will be assessed by the district for off-street parking spaces. The map also indicates those lots which would be required and developed into off-street parking lots.

OTHER QUESTIONS

Question: What are the legal provisions for the formation of the proposed improvement district for off-street parking?

Answer: The legal steps necessary to form the District are as follows:

1. Petition-(Sixty per cent area sign-up required)
2. City Council approval of petition and direction to prepare engineer's report.
3. Public hearing on the engineer's report following published, posted and mailed notice to each property owner.
4. Approval or rejection or modification of the project by the Council. Any modification requires additional hearing.
5. Acquisition of properties by negotiation or otherwise.
6. Cash payment period during which to pay assessments in cash followed by bond sales as funds are required to pay for lots.
7. Final demolition and improvement.

Question: Why is total land area used as the basis for computing assessment benefit to properties within the district?

Answer: Land area does not change. Other factors, such as land assessed value, proximity to the parking lots, and even the assessed value of buildings have been used separately or in combination in other projects. Land assessed value on close examination has often been found to be unfair. There is very little difference throughout the District in the distances from the various lots, and the value of the buildings is, of course, subject to change.

For all these reasons land area was selected as the most equitable.

Question: If the parking district is not approved by more than 60 per cent of the land area owners within the proposed district boundaries--how then will off-street parking be provided where it presently does not exist?

Answer: The City Council recently enacted on off-street parking ordinance which requires anyone developing a piece of property to provide parking at the ratio of one space for each 150 sq. ft. of gross floor area. The ratio within the parking district is approximately one space for each 200 sq. ft. of existing gross floor area. If the Parking District is approved, the ordinance will be amended so that owners within the District would not be required to provide additional parking unless they constructed a building having more than one story. If the District is not approved, owners will either have to use a large part of their own property to provide parking or they will have to purchase additional property for parking purposes.

Question: What protection do we have against additional assessment districts--for the widening of Campbell Avenue, for example?

Answer: Paragraph 4 of the petition sets up conditions which must be met before any additional assessment districts may be formed for any purpose. Briefly, these conditions are:

1. Passage of at least 3 years from the formation of the parking district;
2. Determination by a qualified real estate appraiser that property values are at least 2 1/2 times all outstanding plus any additional proposed assessments; and
3. Council determination of financial feasibility.

These conditions provide adequate protection against overburdening assessments.

Question: What are the total estimated costs as broken down by the engineering and land appraisal firms?

Answer: The following data was used to determine the estimated costs for the provision of off-street parking in downtown Campbell.

Estimated Costs:	
Land and Right of Way	$ 819,630
Improvement Costs	238,000
Sub-Total	$ 1,057,630
Legal, engineering and incidental	90,370
Contingencies @ 20%	212,000
Total Estimated Cost	$ 1,360,000
Total Benefit Area	390,500 square feet.
Existing private parking to remain (not included in benefit area)	66,000 square feet.
Cost per square foot of "Benefit" area	$3.48 per square foot.
Total area--District Parking	337,000 square feet.
Number of Parking spaces	768
Cost per parking space	$1,770.00

Question: I own three lots within the proposed district boundaries. Their square foot areas are as follows: One is 5,000 square feet; one is 7,500 square feet, and the last one is 10,000. What could I expect to pay in assessment for these lots with your present cost estimates for land acquisition, development, engineering legal and contingencies?

Answer: Your estimated assessments for the three lots would be as follows:

Lot 1-5,000 square feet	Lot 2-7,500 square feet	Lot 3-10,000 square feet
Gross Cash Assessment		
17,400	26,100	34,800
Average Annual Cost Over a 25 year period		
1,113	1,670	2,227
Average Monthly Cost Over a 25 year period		
$92.75	$139.16	$185.58

Question: What plan does the City have for the widening and improvement to Campbell Avenue between Winchester and the Southern Pacific Tracks?

Answer: The City Council has established a plan line at a width of 80 feet for Campbell Avenue. This width will allow for four (4) moving lanes of traffic with spaces for off-street parking on each side of the street. As each property is developed in the area, the property owner as a condition of development is required to dedicate the necessary land for the 80 foot plan line on Campbell Avenue. He is also required to improve, at his cost, the sidewalk, curb and gutter and one lane of improved street, either at the time of development or post a bond for same so it can be accomplished at a future date.

The City Council budgeted $50,000 of City Gas Tax Funds--in current fiscal budget--for the complete renovation and improvement of the four moving lanes of traffic for this section of Campbell Avenue. Action to improve the street has been held in abeyance until the final decision by property owners on the parking district is made.

Question: I am a property owner whose land has been designated by the Parking District for purchase. If the district is formed, how will I be treated by those officials charged with the responsibility of buying my land and improvement for a future parking lot?

Answer: First your land will be appraised by a qualified appraiser. He will consider the highest and best use for your property, the value of your improvements, as well as any income you are receiving from the property. You will then be contacted by an acquisition agent who will make an offer based upon the appraisal. Negotiations between you and the acquisition agent will continue unless in his judgment you are asking too much. The district will then file condemnation papers and the court at a future hearing will--after hearing the orginal appraisal or a new one--place what the Court considers to be a fair price upon the property. A reasonable time will be allowed for you to find a new home before any action is taken by the district to improve the lot for parking purposes.

Question: Have we anything to gain by delaying the formation of the proposed district?

Answer: Planning ahead, and looking back, we know that the land proposed for off-street parking will never cost less. All around us, the cities of Palo Alto, Mountain View, Sunnyvale, Redwood City, and San Mateo waited in most cases until the land was improved which made acquisition costs fantastically high. With the proposed Civic Center adjacent to the downtown area, and the traffic circulation through this area, it seems reasonable that any delay will only increase the costs for off-street parking, which must be provided if the district is to survive.

Women take active part in civic affairs

MRS. T. J. REGAS

Active in C. of C.

Mrs. T. J. (Connie) Regas of Pines Plaza Realty, 100 W. Rincon Ave., has always taken an active interest in Campbell affairs. She has served on numerous civic committees and given her support to many community projects. As a member of the San Jose Real Estate Association she has served as president and membership chairman of the San Jose Chapter, Women's Council of National Association of Real Estate Boards.

In 1962 she was named "Woman of the Year" by the Campbell Chamber of Commerce. The award was given to her for her many personal contributions of ideas, time and effort spent in promoting the purposes of the C. of C.

She is presently serving on the Commercial-Industrial Committee for the Campbell Chamber of Commerce. With information supplied by the Valley Title Co., this committee has compiled a card file of property available for commercial or industrial development in the Campbell area.

She has also supplied valuable information used in the new brochure to be issued soon by the Chamber of Commerce.

Mrs. Regas held the grand opening of her new commercial building at 100 W. Rincon Ave. just a year ago. The 12,500 square foot two-level structure provides ultra-modern accommodations for its 17 tenants. This handsome building near S. Winchester Blvd. is evident of her belief in the growth and future of the City of Campbell.

MRS. LOREN HARDISON

Woman's Club

High on the list of Campbell's service clubs is the Country Woman's Club of Campbell, organized in 1905. Mrs. Loren Hardison is president of this group, which has done a great deal to further civic and cultural projects in the city.

In the past the Woman's Club organized and staffed Campbell's first public library, which has since moved to larger quarters and been taken over by the county. The club was also the originator of The Campbell Museum which is housed in the Woman's Club building at 272 E. Campbell Ave.

The Campbell Chamber of Commerce office is located in the Country Woman's Clubhouse, and many civic and social organizations use the building for meetings and banquets.

According to Mrs. Hardison, the Woman's Club will again this year offer a scholarship in Fine Arts to some talented Campbell High School District Senior. The club will hold its annual Musicale in late February, at which time several young pianists and vocalists will audition for a scholarship.

Mrs. Judy Howland, art teacher in the Campbell Adult Education Department and active member of the Woman's Club, has innovated an art scholarship to be awarded to some young person with artistic ability hoping to enter art school.

The organization has a guest speaker on subjects of general interest at their meeting once a month. They also contribute to the Santa Clara County Juvenile Hall.

All of these projects have made Campbell a better place in which to live and the women of the West Valley who make up the membership of this organization should also be congratulated.

MRS. LAWRENCE QUINSLAND

Service Club

The Women's Service Club of Campbell will observe its 37th anniversary this month. Mrs. Lawrence Quinsland is president of this woman's club which had its beginnings at the First Methodist Church of Campbell.

During the past years they have contributed greatly to the community and served their church as well. Mrs. E. R. Kennedy, founder of the club, will be honored at its next meeting, Jan. 26, when they meet at the home of Mrs. Everett Nelson, 911 Dry Creek Rd. at 1:45 p.m. Assisting will be Mesdames Oliver Buehner, Jack Shirley and Claudine Hancock.

Listed among its contributions to the city are the annual scholarships to a girl in the Campbell High School District who plans to enter the educauon field. They also have presented a photocopy machine and a world globe to the public library. Last December they presented a check for $125 to the West Valley Historical Society to purchase additional display stands for the Campbell Museum.

MRS. MINNIE SNYDER

Garden Club

Mrs. Minnie Snyder is president of the Campbell Garden Club which has civic beautification as one of its main projects. Although they lost the fight to save Teddy Roosevelt's Redwood Tree which was planted at the corner of Winchester and Campbell Avenue in 1904, they have collected funds to beautify the median strips of West Hamilton Avenue from Winchester to Phoenix Drive.

This project, which had to be delayed due to defective curbings, will get underway next week. According to Bill Wren, Acting City Engineer, the curbs have been replaced and the city's crews will be busy next week preparing the soil. The divider strip at Winchester and Hamilton will be planted first and used as a model for future plantings. A ground cover and Eucalyptus trees will be planted. The Garden Club raised over $1,000 for the project.

In addition to the divider strips, the Garden Club also maintains a small garden along the banks of Vasona Park. They planted this last summer using a red, white and blue color scheme.

Other community services of the Garden Club are the sponsorship of the Camp Belles Junior Garden Club, comprised of Girl Scouts from St. Lucy's School, and the annual Flower Show, held this year at Breuner's Wayside Store. They also decorate a Christmas tree and make holiday decorations for the women residing at Brandon House, maintained by the Volunteers of America, in San Jose.

AUXILIARY MEETING

The next meeting of the Campbell Community Hospital Auxiliary will be held Thursday, Jan. 20, at 10 a.m. in the Hospital Conference Room.

All members are urged to attend. Reports will be given on the December "Get Together Luncheon" as well as the final report on the bazaar.

Grand opening of Farm Milk on Saturday

The public is invited to the official grand opening of Farm Milk at 900 San Tomas Rd. on Saturday. There will be savings in every department in both dairy products and in Major gasoline sales.

Hank Santoro, manager of the Drive-in, says there will be musical entertainment provided by a rock-n-roll band, The Alum Rockers, during the afternoon hours. Suckers will be provided for kiddies, accompanied by parents.

SEA LEVEL

Each 1000 feet of ascent is equal to a shift of 150-200 miles to the north at sea level.

Vets meeting World War 1

The next regular monthly meeting of the Winchester Barracks No. 3157 Veterans of World War I will be held Saturday, Jan. 22, at 1 p.m. at the West Valley Post No. 158, American Legion Club House, 1344 Dell Ave., Campbell.

All Veterans of World War I residing in this area are invited to attend the meeting.

County trafficways committee changes name, expands program

The County's new Transportation Policy Committee got off to a dynamic start Wednesday night, Jan. 12, in San Jose.

The 21-member body, created recently out of the former Trafficways and Mass Transportation Study Committees, will advise the Board of Supervisors in the whole field of transportation. It consists of one official representative from each of the County's sixteen cities, and one member appointed by each of the five County Supervisors.

After initial amenities, the new group swung into action on its first agenda. Councilman Joseph Musso of Mountain View, and Councilman Louis S. Solari of San Jose were elected Chairman and Vice-Chairman of the Committee, the same positions they occupied on the now-dissolved Trafficways Committee which created the great County-Cities Expressways System, Phase I.

After adopting rules of procedure, the members then reached agreement on the scope of the committee's interest. It was affirmed that it would be countywide in its approach to transportation problems, and that it would provide policy-level direction to the federally subsidized $600,000 transportation planning study just beginning and expected to take three years for completion.

The new Committee will be deeply involved in reaching a Countywide concensus on long-range land use goals, and in producing a comprehensive, long-range transportation plan for the County. According to staff members, these studies will be the first truly coordinated approach to land use planning in Santa Clara County history. They will incorporate the County Planning Department's extensive investigations and planning programs, which will continue.

The members also agreed that the Committee would be a permanent advisory body to the Board of Supervisors, and would guide implementation of resulting plans in actual transportation systems throughout the County.

The Committee then turned to the issue raised by Sunnyvale over routing and financing of Unit III of the Central Expressway in that city. Sunnyvale Mayor Eugene N. Conrardy, a member of the Committee, and Sunnyvale City Manager Thomas Sweeney joined in a vigorous presentation of their City's viewpoints.

A spirited discussion ensued, ending with referral of the issue to an executive subcommittee for clarification re established expressway development and financing policy statements. The subcommittee was directed to report back on the matter at the next meeting of the whole Committee, scheduled for 7:30 p.m. Feb. 9, in the Board of Supervisors Hearing Room, San Jose.

At that time the Committee will also review the proposed Phase II of the County-Cities Expressway Program, and will hear a presentation by the Transportation Study staff of the suggested work schedule for the Committee overseeing conduct of the three-year study.

MISS CAMPBELL--During the year Campbell is represented at many functions by a most attractive ambassador, "MISS CAMPBELL". Above Glynis Wright, the current "Miss Campbell" is being congratulated by her parents, Mr. and Mrs. Charles F. Wright, of 1373 Phelps, San Jose. Miss Wright, 18, is a talented vocalist and a straight-A student from Campbell High.

County gets share of new aerospace jobs

Governor Edmund G. Brown has announced that the state has received "the first dividend on our aerospace contracts"—a $220,000 federal grant for a new land use study in Santa Clara County.

The federal Urban Renewal Administration announced the grant in Washington, D.C. The State Office of Planning, four other state agencies and the County of Santa Clara will participate in the grant, contributing $111,000 in services to the project. The county share of that is $25,000 in services. An aerospace company will perform the basic computer and systems development work.

"This joint federal-state-county project is the first of its kind in the nation and the beginning of a new era in governmental planning and operations," Governor Brown said.

The study is an outgrowth of Governor Brown's four aerospace studies conducted last year in the fields of crime and law enforcement, transportation, waste management and information and data collecting. The studies have attracted national attention. They utilize systems analysis and systems engineering techniques for problem solving, the same methods they have developed for space projects.

Cambrian "Y" offers classes

Winter activities at the Cambrian Center of the San Jose Young Women's Christian Association, 4343 Leigh Ave., go into full swing this week, with the organization of a new women's club for Thursday mornings and the starting of new interest groups and classes.

The YWCA is a United Fund Agency open to women and girls, with some activities including men. Sitter service is available for infants and pre-schoolers during most daytime sessions. Information is available at 269-7534.

Paper drive

If your newspapers are beginning to crowd the family auto out of the garage, Cub Pack #333 of Capri School will be happy to take them off your hands. Call the Den Mother, Mrs. Bill Friar at 378-6925 or 378-2763.

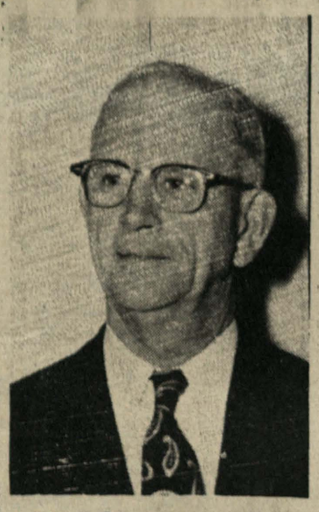
Myron Fairchild, former mayor, C. of C. president, retires

Myron L. Fairchild, veteran community and civic worker, announced Thursday that he and Mrs. Fairchild were leaving Campbell and retiring to the small community of Cloverdale. The move, which had long been contemplated by the well-known couple, took place on Friday, Jan. 14.



MYRON FAIRCHILD

Fairchild has been active in the Campbell community scene for the past 15 years, having moved to his Budd Avenue home from Burlingame. During his tenure here he served as mayor of Campbell from Dec. 4, 1958 to April 18, 1960, and on the city council from 1956-1960. In 1961 he was elected to the position of president of the Campbell Chamber of Commerce.

He has also served on various boards of the Congregational Church of Campbell where he and Mrs. Fairchild have been members, served as president of the Campbell Kiwanis organization, headed various money raising drives in Campbell, including the Red Cross and the United Fund for Campbell, and served as manager of the Campbell Merchants Stamps Association since 1948.

Mrs. Fairchild has been an active member of the Congregational Church of Campbell Women's Fellowship, the Country Woman's Club of Campbell and Pundita Circle.

Fairchild stated that his insurance business would be taken over by the Jack Healy Insurance of 1680 The Alameda, San Jose while W. O. Oltmann, 259 E. Campbell Ave., has been named new manager of the Campbell Merchants Stamp Association.

New owners of the Fairchild home at 85 Budd Ave. are Mr. and Mrs. J. Devich and their daughter Marcia of Cloverdale.

In a parting statement Fairchild expressed the hope that their many good friends in Campbell would stop by to see them in their new home at 151 Corliss Lane, Cloverdale.

Adult classes open Jan 31

Campbell Adult School spring semester for 160 classes in a wide range of subjects will begin Jan. 31, according to E. P. Stanley, Director.

Featured classes include personal income tax procedures by Gene Kercher of the Internal Revenue Service, Nature Study and California National Parks by Dr. Richard Hartesveldt, Oceanography, Geology and the New Earth Sciences by Fred Fisher, Advanced Color Television Servicing with Walter Bennert, and Beginning Italian.

MARINE GRAD

Marine Private Gerald O. Vasser, son of Mr. and Mrs. Billy O. Vasser of 203 N. First, Campbell, was graduated recently from Marine recruit training at the Marine Corps Depot at San Diego, Calif.

500 THEATERS

In 1927, it was estimated that the 500 legitimate theaters in the United States played to 48 million persons.

Los Gatos-Saratoga Symphony concert takes place at college

The Los Gatos-Saratoga Symphony will present its second concert of the current season on Saturday, Jan. 22 at 8:15 P.M., in the auditorium of West Valley College. The program will be repeated the following afternoon, Jan. 23 at 3:00 P.M. in the Saratoga City Council Chambers on Fruitvale Ave.

The concert will feature West Valley faculty member, Marvin E. [illegible] the "Konzert for piano and [illegible]ra of Carl [illegible]aria Von Weber.

John O'Neill is the conductor. The concert is again sponsored jointly by West Valley College and the Los Gatos-Saratoga Symphony Association.

Continuing the policy of including at least one contemporary composition on each program, the orchestra will perform the "Meditation No. 2" by Dr. P. Peter Sacco. Dr. Sacco, a graduate of the Eastman School of Music and resident composer at San Francisco State College, will be present for the Sunday performance.

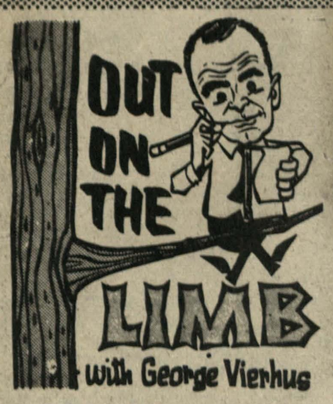
TOPAZ BUILDERS, INC. — George L. Quinn, President; Ray Snyder, Vice-President

Looking
ahead
to
a
Big Year!



TODAY'S issue of The Campbell Press, the 1966 progress edition, represents the greatest single effort ever attempted by this newspaper in its long history to produce a product that represents the potential of this community.

It was done on sort of a "crash program" operation. We found that there were hardly enough hours in the day to cover all the bases and, as a consequence, the issue isn't as complete as it might have been had there been more time or manpower available.

Time was the essence, as our legal friends might say, whatever that means.

We really are proud of the efforts of our entire staff, who buckled in, worked long hours in the comparatively short time allotted to put out the biggest newspaper in the history of The Press.

-0-

IT IS WITH PLEASURE and pride that we salute the City of Campbell and the Chamber of Commerce in this progress edition.

We are convinced that our community is on the threshold of a progressive era and that the City and the C. of C. will work together to accomplish the many objectives that will mean a better community for us all.

Especially are we pleased that both city and C. of C. officials are convinced that the industrial base of our community needs to be developed.

We recognize also that a strong commercial-retail foundation is necessary if the community is to go forward... This, too, is being emphasized in the civic program for 1966.

The cooperation of the business and industrial firms individually and the Chamber of Commerce directly has made this progress edition possible.

In this edition more than 70 business and industrial firms have taken advertising space as an indication of their faith and confidence in their community and their paper.

We, of The Press, appreciate this show of confidence.

-0-

GUIDING LIGHT for this edition has been Duane Burleigh, advertising manager for The Press.

We think it is apropos in this issue in which the Chamber of Commerce plays such an important role to mention that Duane, not only is an experienced advertising manager but has served as manager of a number of chambers of commerce.

He thus is well aware of the necessity of a strong chamber of commerce working with all city agencies in the development of a community.

If we sound enthusiastic about this new era that looms ahead for Campbell, it is because we are.

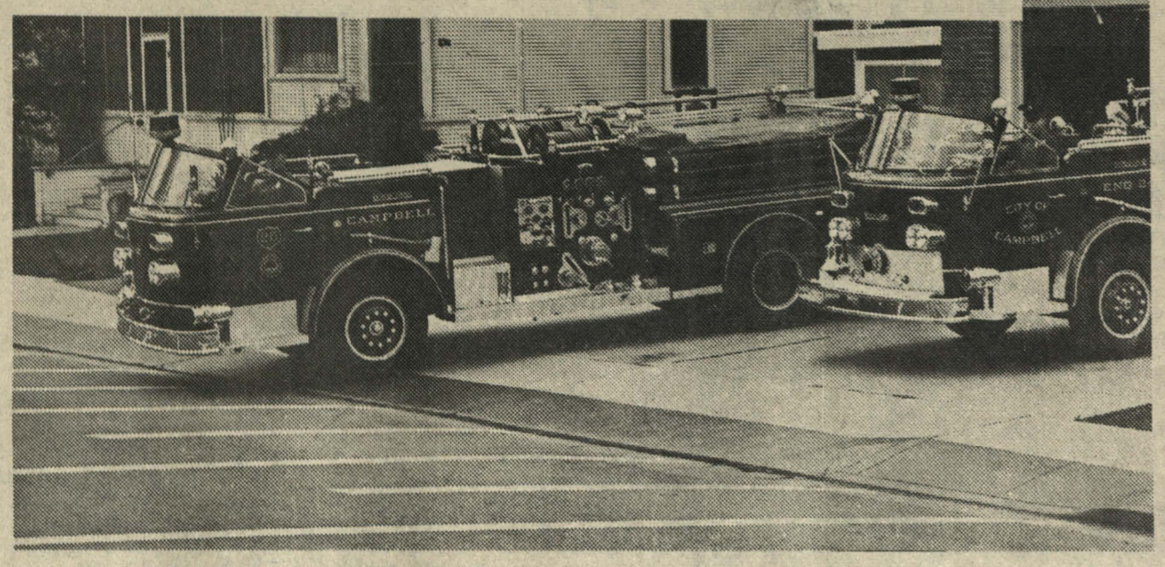
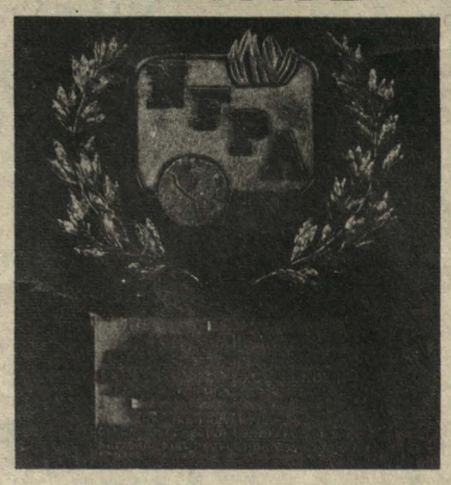
LEE NEAL
--fire captain

GENE BORDEN
--fire marshal



GRAND AWARD



TOP HONORS IN U.S. --Campbell Fire Department was notified this week that it had won the grand award against competition from all cities in the U.S. in the National Fire Protection Association's 1965 fire prevention contest. Tied for second in the contest were Boston and Philadelphia. There were 231 cities in the nation competing in the contest. Fire Chief George Maxwell, Fire Marshal Gene Borden and Fire Captain Lee Neal were responsible for local entry in the contest.

City of Campbell gained nationwide publicity this week.

Campbell Fire Department this week was named as "grand award" winner among all the U.S. cities in the National Fire Protection Association's 1965 fire prevention contest. In winning the award it topped Baltimore, Philadelphia and Chicago in that order.

North Vancouver, British Columbia, was judged the winner for Canadian cities.

More than 1700 entrants competed from the two nations for the awards, which are based on year-round community efforts to reduce fires and to educate the public in fire prevention practices.

In addition to the two grand award winners for cities six other grand awards were made in other divisions of the contest.

To win the coveted award for the honors for all cities in the nation, Campbell was first judged the winner in the Class V population grouping (20,000 to 49,999) and then first in the state, ahead of Hayward and Santa Fe Springs, in that order.

The international board of judges then picked Campbell for first place over all the 230 other communities of the U.S. that were in competition.

Baltimore and Philadelphia tied for second place in the national contest and also for cities of 500,000 population or more. Other winners in their population classes were Nashville, Tenn.; Hartford, Conn.; Billings, Mont.; Upper Dublin Township, Pa.; and Marysville, Wash.

CHIEF PLEASED

Fire Chief George R. Maxwell was elated by the announcement of the award. "It is something we have worked toward (as have other fire departments throughout the country) for many years," Maxwell said.

"We are deeply appreciative of this great honor," the chief added, "that our department and the city have achieved. No single ~~member of the depatini~~ member of the department is responsible for this great record. It was a complete team effort with every member of the department helping to carry the ball."

Maxwell said that Captain Lee Neal, fire inspector, was responsible for compiling the information and submitting the entry in the nationwide contest.

This included in booklet form, a pictorial review of the achievements of the year in the fire prevention field as well as reports on the various projects undertaken by the department.

Fire Marshal Gene Borden was also commended by Chief Maxwell for his excellent work in the fire inspection coverage of mercantile and industrial plants which was an important phase in the overall program.

Maxwell said that the local department during the last five years has placed in the top 10 cities in California and in 1963 won the state award but this marks the highest rating ever achieved by Campbell Fire Depart-

Future improvement of downtown Campbell may depend on where $$$ will come from

Major improvements for downtown Campbell Ave. must be financed by a general obligation bond issue or they probably never will be made.

That seemed to be the feeling expressed by many who attended a "town hall" type meeting Monday night.

What is the future of downtown Campbell Ave.?

That perennial question that has bothered residents, property owners, city officials and merchants on the street, for a decade or more received top billing before an overflow crowd at the Planning Commission meeting Monday night.

But, as usual, there was no meeting of the minds. And the question was still unanswered at the close of the "informal" public hearing held to discuss the proposals to change the street pattern and to explain the purpose of the proposed off-street parking district which would be financed by property owners on the street.

But one action Monday night by the Planning Commission, on a secondary matter also affecting the street, could possibly change the present downtown concept.

The commission unanimously approved the application of American Auto Supply, which is moving across the street from its present location into the old Clark's Drug building, for two signs. One will go on the Harrison Ave. side the other on Campbell Ave.

The signs are each 8-feet by 66-feet.

But, as Larry M. Rearic, of Adart of San Jose, the sign company involved, pointed out, they are more than signs. He maintained they will modernize and redesign the building. The rustic canopy will be removed in the process.

Rearic maintained that the change would be beneficial to the entire street and that the same motif could be carried out by other stores.

The commission approved the signs with slight modifications from the orginal application. The sign will not extend as far over the sidewalk as was first planned.

Before the approval was granted the matter had been continued from

Continued on page 14

WOUNDED OAK--This stately old oak tree was the center of attention at a recent City Council meeting. It is located in the tract being developed by Leep Homes, adjacent to the Saratoga city limits. The developers have agreed to preserve the trees wherever possible. This tree was to remain. But some trespasser, apparently in need of firewood, began sawing on it recently (Note scars). Saratoga residents across the creek, who have been unhappy with the proposed development from the start rushed to stop the sawer. A tree doctor has been called in to see if the oak can recover from its saw-inflicted wounds.

Traffic lights to flare again

Another effort on the part of interested citizens to get the City Council to install a traffic light at Winchester and Rincon will probably be made next Monday night, Jan. 24, at the regular council meeting. The council meets at 8 p.m.

The city staff was directed some time ago to make a comprehensive study of the entire traffic signal situation in town, with a special emphasis on the Winchester-Rincon problem. The report is due at Monday's meeting.

In the meantime, however, residents, property owners and merchants who maintain that a signal is necessary at Winchester and Rincon have "organized" in attempt to sell the idea to the city. They have labeled their group "a committee for synchronized traffic signals on Winchester Blvd."

Traffic surveys so far have indicated that the amount of traffic using that intersection as yet does not warrant a traffic light. Bill Wren, acting city engineer, reported that an actual traffic count, at the peak traffic period, showed that many other unsignalized streets were carrying more traffic and that the waiting period for cars going onto Winchester was not out of reason.

Wren maintains that a synchronized traffic signal system on Winchester from Latimer to Budd will eventually be necessary. But there is the question of available funds at the present time.

This question of available funds is another issue that has aroused some of the citizenry.

Last year when the traffic signal bit first came to light, the council indicated that the necessary funds would be budgeted for the signal at Rincon-Winchester. However, before the final budget was adopted this allocation was dropped as an economy measure.

Even some of the councilmen had overlooked that fact which made the matter a trifle sticky when it came to explaining the situation to irate citizens who claimed they had been promised a signal at budget time.

The council has a number of other items on Monday's agenda that have important bearing on the city's overall planning program, including the opening of bids for the improve-

MANAGER--HANK SANTORO, manager of the new Farm Milk Drive-In at San Tomas Aquino Road at Smith, has announced special grand opening entertainment this Saturday from 2 to 5 p.m. featuring the teen-age combo, "The Alum Rockers".

Editorial
What progress means

The Campbell Press today presents the first "progress edition" in this paper's 74-year history.

It is the largest paper ever published locally, and it represents many extra man (and woman) hours on the part of a dedicated staff.

It has the greatest representation of Campbell business and industrial firms ever to appear in any single issue of The Campbell Press.

Almost 80 local firms have taken space in it not only to extend best wishes to the Campbell Chamber of Commerce but to call attention to their own particular industry or business and the part each plays in the overall picture of a progressive community.

It is a healthy sign and it speaks well for the development of a coordinated effort which will be needed on the part of all concerned to bring our community to the level for which we are all striving.

Of particular importance, we feel, is the pledge of "partnership" between the city administration and the Chamber of Commerce which indicates that both agencies realize that cooperation and coordination are necessary in order to reach any stated objectives.

We feel that this "partnership" is one of the most forward steps that could be taken in this community of ours which has waited so long to develop its potential to the fullest.

The city administration and the Chamber of Commerce can and do complement each other in so many ways that it is difficult to understand how any progressive step for the city as a whole can proceed without a joint effort.

Progress, in our book, does not mean necessarily huge gains in population. Rather it means solidifying the gains that have already been made and taking advantage of undeveloped potential.

It means making a better community in which to live and work. This in no way means that we must seek the rather hollow honor of becoming the "fastest growing city in the area".

We believe that any Chamber of Commerce that uses that trite and overworked phrase of "fastest growing" has become stereotyped in its outlook.

Progress means much else.

Progress means the recognition by business and professional people of the need for an active and progressive Chamber of Commerce. We submit today's issue as evidence to show that the business people in this community do recognize that fact to do a job.

Progress means also that the city administration and the other civic organizations must work together for the common good. We submit as evidence on this score the pledge of partnership between the city and the C. of C. as emphasized in this edition.

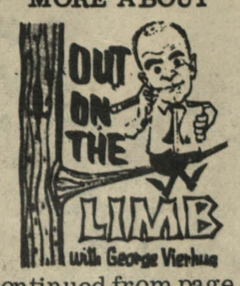
We believe that this community is on the threshold of a new era in development and that civic organizations and business and professional people are eager to work toward the objectives that will benefit all.

We proudly present the 1966 progress edition as material evidence on that score and rest our case.

CLASS FOR TRASH--City Manager Bob Stephens stands alongside one of the new exposed aggregate trash containers that the City of Campbell purchased last year and placed in the business district of town. More than 20 of the containers were located in an effort to make the downtown area more attractive.

NOW OPEN--Farm Milk Drive-In—Located on San Tomas Road and Smith, is holding its grand opening this week. Special entertainment is being presented on Saturday from 2 to 5 p.m. featuring the "Alum Rockers," a teen-age combo of Terry Brown, Joe Santorg and Thad Riddle. Hank Santoro is the manager of the firm.

MORE ABOUT



(Continued from page 13)

The Press pledges itself to do its share.

-0-

CAMPBELL has changed in many respects during the past years.

Even our most severe critics from the "outside" no longer dare call it that "dirty little town" or a "sleepy cannery row village".

But, as in the bigger cities, the growth of Campbell has meant a spreading out at the fringes...So, actually, today there are five or more Campbells from a business standpoint, if you know what we mean.

Trying to coordinate the efforts of these "five towns" into a single entity is a herculan task. It will take a lot of doing on the part of the city and Chamber of Commerce.

Of course it would be much simpler, if the entire business community of Campbell was concentrated in one area as it was years ago. But that is not to be, and we all know it.

-0-

INCIDENTALLY we were interested recently in recalling the "old days" with Carl Field, who has been retired for a number of years but came to Campbell originally in 1925 when he took over a grocery store.

Our discussion took place at the 41st annual installation of the Campbell Kiwanis Club held at the Red Coach Inn. The recollections were graphically illustrated by pencil on the tablecloth for which we humbly apologize to the management. (But we think the cloth had to be laundered anyway and those pencil marks would come off ok.)

Of interest to us (and maybe to you, also) was the statement by Carl that when he first began operating his business in "downtown" Campbell, there were 10 stores that sold groceries on Campbell Ave. between the railroad tracks and Third St.

Times have certainly changed.

In that particular area there is not a single grocery store today.

Downtown Campbell has changed a great deal in the past 40 years and, if John Faber and his committee can get cooperation and support of the property owners on the street, it is going to change a great deal more in the future.

-0-

FIRE HYDRANTS we have always more or less taken for granted. We, of course, recognize their value to the dogs of any community but we really hadn't paid any attention to how the hydrants got there in the first place.

But we have been all wet.

We learned at a recent Planning Commission meeting just what is involved in this fire hydrant business.

You had better believe it, there is more to it than just sticking a hydrant in the ground.

The hydrant has to be purchased then rented as the city and water companies get into the act in a complicated arrangement.

We hope to get more dope from Fire Chief George Maxwell and acting City Engineer Bill Wren have promised to give us a rundown on the whole fire hydrant front (or back).

-0-

BUT the matter was brought into focus as far as we were concerned over the problems that confronted Dr. Carl Jacobsen of the Cambrian Animal Hospital when he requested approval of plans for his hospital.

A fire hydrant was involved in the conditions of approval.

We hasten to add that the hydrant was not for the convenience of the dog patients in the animal hospital. The area, according to the fire department needed a hydrant in that location.

Any more questions?

Planning Commission okays zone changes for big center

Ira Kirkorian, developer of the Kirkwood Plaza, was granted two zone changes by the Planning Commission on Monday night to allow for new developments planned for the area at San Tomas Road and Bucknall.

A third request for a zone change was denied because of a pending change in the city ordinance that would make the zone change unnecessary.

Approval was given for the change from the present R-2-S zone to C-2-S on property 460 feet by 476 feet on the northwest corner of San Tomas and Bucknall. Kirkorian, and his representative, Les Harmon, told the commission that an automotive center was planned for this parcel.

Approval was also given Kirkorian for a zone change from P-0 (professional office) to C-2-S for property located on the south side West Campbell Ave. between existing office buildings and C-1-S zone. Kirkorian said that it was proposed to build, for a chain restaurant, a 12,000 square foot building of attractive design. It would be operated as a smorgasbord-cafeteria type lunch and dinner house catering to family groups.

The denial came on the request for a zone change from C-1-S to C-2-S for property on which The Prelude restaurant is located. Kirkorian said the restaurant desires to have dinner dancing which is not permitted in the C-1-S zoning.

Dick Hogan, planning director, told the commission that he was recommending that an amendment to the present ordinance be adopted that would allow dinner dancing in C-1-S under a use permit.

In other actions, the commission:

--APPROVED the application of Ballew-Sandeno for a 48-bed boarding home for the aged at 100 Union Ave.

--APPROVED the application of Warren Gilbert (Par Concrete, Inc.) for a shop-warehouse at 615 McGlincy Lane.

--APPROVED the application of Westgate TV for a sign to be located at 1562 La Pradera Drive.

--APPROVED the application for the Campbell Community Hospital.

--GRANTED an extension of six months (the fourth one) for Alec, Inc., for a commercial development on the northeast corner of W. Campbell and San Tomas. Alec Land, of the firm, said that he expected to get the necessary financing for the development by May 1 when they complete the center now being built in Fremont.

NARCOTICS STOLEN

Campbell Pet Clinic, 2160 S. Winchester Blvd., reported a burglary to Campbell Police on Jan. 15. A supply of morphine was stolen from cupboards of the animal hospital. Police officers said the rear door had been pried open, and the office ransacked. No money was taken.

MORE ABOUT

Downtown

Continued from page 13

a previous meeting. The commissioners engaged in an animated discussion over the image, present and future, of downtown Campbell.

William Hedley, a local architect who is remodeling the old Campbell Water Co. office for his own office, took issue with the design and the change to the building it would involve.

But the commissioners gave their approval when the sentiment of the overflow crowd in which were a number of merchants seemed to indicate approval of the new concept.

A decision was reached in this aspect of downtown Campbell, but with respect to what could and should be done about the area in its entirity it was a different story.

PARKING DISTRICT

Dick Hogan, planning director, assisted by John Faber, chairman of the downtown redevelopment committee now in the process of trying to get a parking district off the ground, first described how the district would be financed, what area it would cover and other factors involved.

Hogan then described the various proposals that had been presented over the years for changing the downtown district.

Displayed was the famous Campbell Ave mall which was first presented in 1961 and two other more recent modifications.

One of the plans emphasized the development of a civic center complex as the main core while the other stressed the need for the development of Grant and Rincon avenues as through streets to get some of the transit traffic off it.

FINANCING

The matter of how all this was to be financed seemed to be of greatest concern to the many interested people who jammed the council chambers.

It was maintained that the property owners on the street could not possibly finance, through assessments, both a parking district and the widening of Campbell Ave.

Ted Regas, one of the members of the audience who spoke, maintained that a general obligation bond issue was necessary to get the improvements. He said that Campbell Ave. was used by residents of the entire city and thus it was only fair for them to help pay for the improvements.

Fire department wins -

Continued from page 13

ment.

The National Fire Protective Association is the internationally recognized authority in the field of fire protection and prevention. The contest has been sponsored annually for the past 39 years.

About 21,000 individuals now make up its membership, drawn from widely diversified industrial, commercial trade, fire department, governmental, insurance and other interests. More than 200 national trade and professional organizations are also members.

The headquarters of the association is in Boston, Mass.

CITATION

The news release from Boston which announced the grand award winners described Campbell's winning entry as follows:

"Campbell, California is a small city with a big fire prevention program.

"Mainly responsible for the program is the 23-man Campbell Fire Department, headed by Chief George R. Maxwell, but many civic organizations--from the Chamber of Commerce and service clubs to the PTA and women's clubs--contribute substantially to planning and execution of the activities.

"Their participation makes fire prevention truly a community effort in Campbell.

"Practically all of the 21,600 people living in Campbell are exposed to fire safety tips and reminders several times yearly, but there is special concentration on school children. Grades one through six are reached with talks, demonstrations, films and junior fire department activities. Kindergarteners are given conducted tours of the fire station, scouts are aided in work for the fireman-ship merit badge, and high schoolers trained to handle emergency situations as baby-sitters.

"The Campbell Fire Department relies heavily on inspection work as an effective prevention measure. Each fire company devotes a minimum of six hours weekly to in-service inspection of dwellings in their districts, and aids Fire Marshal E. W. Borden in coverage of mercantile and industrial places. Last year the department inspected 4,119 homes and other buildings, an impressive total when the 23-man roster of the department is considered."

ment district on Hamilton Ave. involving the Chez and Grattan development.

Two appeals from Planning Commission rulings on the question of fire hydrants required as conditions in the approval of plans for buildings are also on the agenda. One involves Calvin D. Falcon on Dell Ave. and the other appeal is from C. E. Jacobsen, D.V.M., owner of an animal hospital on Casey Road.

Our Town

By Grace Hebard

ANYONE in the area having a husband, son, grandson or friend in Viet Nam is invited to call MRS. ROBERT BURTON at 378-6178 as she is chairman of a neighborhood project on Coventry Drive to send a package a month to a Campbell boy in Viet Nam. What a wonderful idea! All the women on Coventry are contributing to these packages. So far they have collected quite a few names, but she knows there are more who should be remembered...

MRS. ROBERT FALCONI of 921 Monica Ln. is a member of a baby-sitting co-op that has been in existence in that area for about eight years. Now, neighbors have moved and the numbers are dwindling, and she is looking for others who might be interested in joining. No money exchanged - just time. If you're interested and live out her way, call her at 378-2598...

A number of teen-agers in the West Campbell Avenue area have discovered NORI'S YARNS and its friendly proprietor, MRS. BETTY OTOMORI. As a result there are a number of sweaters being knitted for she gives instruction along with selling yarn. She's located in KIRKWOOD PLAZA...

A GRACIOUS LADY- That's how they describe MRS. EDITH ROSE of 83 Decorah Lane in Campbell. Last Saturday night she was hostess to all the neighbors on her street at a delightful champagne dinner party at Villa Felice. There were 32 in all who were recipients of her hospitality. Each lady received a beautiful red rose corsage. The occasion was meant to convey to all of her neighbors her appreciation for there many kindnesses since the death of her husband.

LT. DON BURR of The Campbell Police Department will speak to the Mother's Club of the First Methodist Church on Thursday, Jan. 27, at a 9:30 a.m. brunch. His subject will be "Juvenile Delinquency."...

HERE'S SOME INTERESTING INFORMATION...The West Valley College Honor Society is sponsoring a CAR BASH from Jan. 24 til Jan. 27 in the Latimer Parking Lot. Anyone with pent-up emotions can get three swings for a quarter between 8:30 a.m. and 3 p.m. on these four days...

Katherine Wood says vows with Paul Gray

MR. AND MRS. PAUL DAVID GRAY
(KATHERINE WOOD)

Paul David Gray claimed Miss Katherine Wood as his bride at a beautiful evening ceremony at the Church of Christ in San Jose recently. Rev. Don Stram, minister of the First Church of Christ of Campbell officiated.

Given in marriage by her father, Floyd D. Wood, the bride was attired in a gown of lace over taffeta designed with a full three-tiered skirt with a slight train. Her elbow length illusion veil was held in place with a pearl tiara. She carried a bouquet of white roses and white carnations.

The bride's two sisters, Misses Cynthia Wood and Nancy Wood, attired in fire red peau de soie gowns and white fur muffs with red roses were her two attendants. Terry Kent, cousin of the bride, served as best man. Ken Wood, twin brother of the bride, was the groomsman and ushers were Tim Salter, James Salter, Lynn Kent and Greg Anderson. Keith Kent, uncle of the bride, sang several appropriate selections before the ceremony. Little David Wood and Bonnie Gray served as candlelighters.

One of the interesting aspects of the wedding was the beautiful floral decorations made by the bridegroom, who is a florist.

Over 200 friends and relatives attended the reception held in the church hall. A four tiered wedding cake decorated with red-tipped roses was cut by the newlyweds. Mrs. Judy Wood, sister-in-law of the bride, was in charge of the guest book.

The new Mrs. Gray is the daughter of Mr. and Mrs. Floyd D. Wood, 1737 W. Campbell Ave. She is a graduate of Campbell High School and employed by the Insurance Co. of North America.

Paul is the son of Mr. and Mrs. Eldridge M. Gray of 1070 Oakmont Dr., San Jose. He is a graduate of Sunnyvale High School and is a 5th year ministerial student at San Jose Bible College. He plans to attend graduate school and begin his church ministry in the midwest. The young couple are now at home at 2937 Magliocco Drive., San Jose.

Church circles meet this week

The Women's Society of Christian Service, First Methodist Church of Campbell has announced their January Circle meetings as follows:

Ann Deavors Circle: Thursday, Jan. 20 at 1 p.m. at the home of Mrs. Jennie Lytle, 158 Alice Ave., Campbell.

Judith Starr Circle: Thursday, Jan. 20 at 1 p.m. at the home of Mrs. Alice Cowdery, 429 Dunster Dr., Apt. 2, in Campbell.

Marian Simons Circle: Thursday, Jan. 20 at 1 p.m. at the home of Mrs. L. Quinsland, 381 Pamlar Ave., San Jose.

Patricia Rothrock Circle: Thursday, Jan. 20 at 12:30 p.m. at the home of Mrs. Chas. Freeman, 255 Branbury Dr., Campbell.

Ruth Lang Circle: Thursday, Jan. 20 at 10 a.m. at the home of Mrs. Russell Briggs, 3513 Londonberry Dr., Santa Clara.

Democratic women plan luncheon at Hyatt House

Women throughout the county are working to make a success of the first event of the newly formed county chapter of the Women's Division, State Democratic Central Committee. The event will be a luncheon on Feb. 2 at the Hyatt House in San Jose.

According to luncheon co-chairman, Mrs. Jacob Miller of Palo Alto, "Attorney General Thomas Lynch and State Democratic Party Chairman, Robert Coates, will be featured speakers. Both Mrs. Lynch and Mrs. Coates will accompany their husbands."

Mrs. William Lawrence of Campbell is co-chairman with Mrs. Miller of both the luncheon and Women's Division Chapter in this county.

Committee chairman working on the luncheon plans are Mesdames Jerry Schumb, arrangements; Harold Riddle of Campbell, decorations; Walter G. Gora, hospitality; Greta Dewberry, special sales; Elizabeth Cauhape, Phineas Woods, mailing; Leon H. Dineson Jr., of Cambrian Park, publicity; David Harris, telephone and Jack Mayland and Miss Eva Falk, tickets.

Coming from San Francisco to be honored guests will be Mrs. Lional Alanson Jr., National Democratic Committeewoman; Mrs. Albert Gatov (formerly Libby K. Smith, U. S. Treasurer) and Mrs. Jack Morrison, advisory Committee member.

According to Mrs. John Fowle of Los Altos Hills "The Women's Division will strive to promote unity in the Democratic Party, provide laison and communication and serve as a rallying point for volunteers."

Dance party

One of the activities scheduled for the Cambrian Youth Center next week will be a "Dance Party" on Wednesday sponsored by the San Jose Group of Dick Ford Dance.

All interested parents and children are invited to attend on Wednesday, Jan. 26, at 10:30 a.m. There will be no admission charge and Ford will be present to meet participants.

We and Our Neighbors

We and Our Neighbors Club, located at the corner of Union Avenue and the Los Gatos-Almaden Road in Los Gatos are sponsoring a luncheon-card party on Saturday, Jan. 22, at 12:30 p.m. Donation at the door.

For reservations call Mrs. M. Jones, 356-5913 by Jan. 20. Proceeds will benefit the club house.

Beta Sigma Phi

Nineteen candidates for the Queen of the Valentine Ball sponsored by Beta Sigma Phi Sorority, were judged for poise, grace and personality Tuesday night at the Friendship Room of Salinas Valley Savings. The judges were June Terry of June Terry's Finishing School; Douglas Fitzgerald, Resident Manager of Hyatt House and Mr. and Mrs. Donald Cogan of Tiara Coiffures, in Campbell.

The New Queen and Princess will be announced and crowned during festivities in the Empire Room of the Hotel Sainte Claire on Feb. 5. Some 500 Beta Sigma Phi's and their husbands and friends are expected to attend the ball. Harvey Samuels and his orchestra will provide music for dancing. Mrs. Robert Pauley, chairman, announces that proceeds will benefit the Cystic Fibrosis Foundation and a scholarship fund for a San Jose State College student who excels in music or art.

Las Jardineras

A flower arrangement program, "New Trends in Design" will be presented by Mrs. Warren Deverel of Berkeley at the First Methodist Church of Campbell on Friday, Jan. 21, at 1 p.m.

Las Jardineras Garden Club is sponsoring Mrs. Deverel's demonstration which will feature free-form, free sytle and abstract design. Tea will be served following the program. Unusual flower arrangement material and containers will be on sale preceeding the demonstration. Mrs. J. G. Douglas is general chairman of this event.

Tickets may be obtained by calling the ticket chairman, Mrs. Edmond Pate, at 269-4899.

PALACE HOTEL
The Palace Hotel in San Francisco was built in 1909 to replace the hotel of the same name which was destroyed by the 1906 Fire.

NEW PRESIDENT--Mrs. Darrell Brittain of Campbell will be installed as president of St. Lucy's Institute 204, Y.L.I., at ceremonies to be held tomorrow night, Jan. 20, at the Parish Hall. All Institute members are invited to attend.

St. Lucy's YLI to install

The 14th anniversary of St. Lucy's Institute 204, Young Ladies Institute will be observed Thursday, Jan. 20, with the installation of newly elected officers at 8:30 p.m. in the church hall.

Mrs. Velma Branigan is installation chairman and Mrs. Charles O'Reilly is chairman for the evening.

New officers to be installed will include: Mrs. Darrell A. Brittain, president; Mrs. William Chicoine, first vice-president; Mrs. Jack Mardesich, second vice president; Mrs. Edward Pasternak, recording secretary; Mrs. William Chivers, financial secretary; Mrs. Joseph Boudreault, treasurer; Mrs. Gaylord Gilmore, inside sentinel; Mrs. Edward Space, outside sentinel; Mrs. Charles Mallet, marshal; Mrs. Gary De Rosa, organist.

Trustees will include Mmes: Verl Weitzel, William Bucholtz, William Law, Doc Griffin, and Adolph Blanco. Mrs. Steve Laptolo is the retiring president.

Institute Deputy, Mrs. Henry Young from St. Clare's Institute, Santa Clara, will be the installing officer. She will be assisted by Mmes: Edward Pasqual, Grand Director of YLI, Joseph Seabury, Paul Cusick and Vincent Mirrione.

New Books at the Campbell Library

STONEHENGE DECODED by Gerald S. Hawkins
An Astronomer examines one of the great puzzles of the ancient world.

On Salisbury Plain in southern England stands an awesome arrangement of stones that has been the subject of countless studies, poems, and legends dating back beyond the days of King Arthur. What did this somber group of stones signify to its architects? Was it a city of the dead? A temple to the sun? It took the 20th Century, an astronomer, and computer techniques to unravel the ancient mystery.

High School News

Westmont quintet defeats Campbell

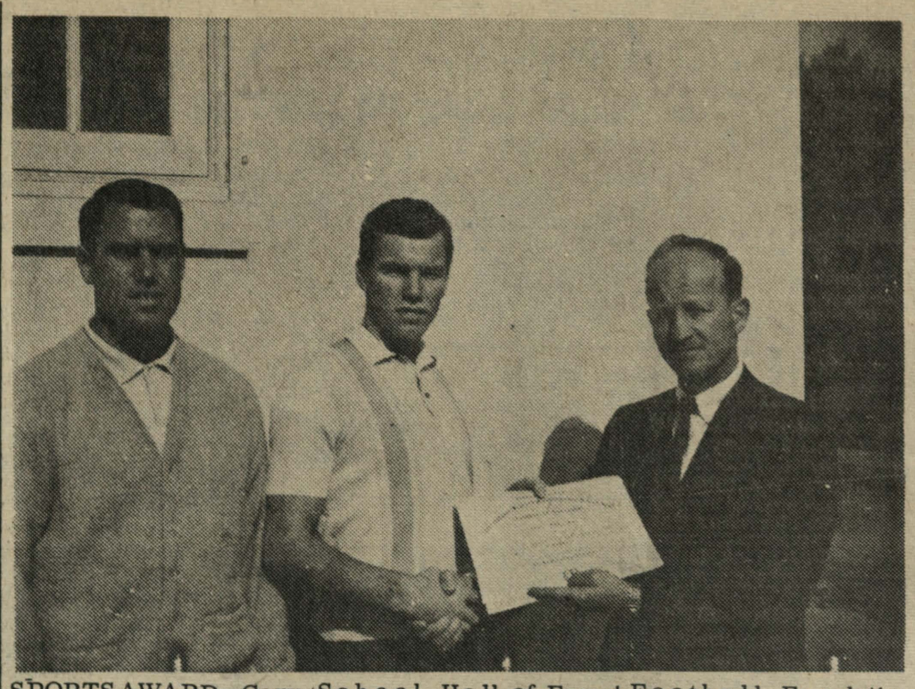
Down 9-1 in the first 3:50 of play, Westmont's varsity basketball quintet roared back to register its first WVAL win, 44-39 over Campbell in a rough skirmish this weekend.

Westmont came alive to take a 14-12 first quarter lead with a pressing defense and a fast break lead by the ballhandling of guard Roy Grillo. Scoring by 6-3 forward Bill Timmons and swingman Bruce Anderson led the comeback.

The two teams (both 1-2) battled on even terms until the Warriors made the decisive move midway through the third period, using the press effectively. The Bucs trailed 4-9 points most of the remaining time though they made a last ditch effort, which was repulsed. Warrior 6-4 center Ted Beaty, who topped the point column with 12 points, hit several key jumpers in the second half.

Jan. 11, Westmont hosted Blackford and could not contain giant 6-9 pivot Dennis Awtrey, whose 35 tallies paced 71-47 Brave victory.

Top scorers Westmont-Campbell. Westmont: Beaty 5-2-12, Timmons 3-3-9, Porter 3-2-8. Campbell: Paske 4-3-11, Hahn 2-4-8.



SPORTS AWARD—Gary Paske, (center) Campbell High School Senior, receives congratulations from his Coach, Mike Jones, and Principal Robert Culp, on being named to the High School Hall of Fame for his outstanding football record. He is pictured here receiving a Certificate of Achievement from the Northern California Chapter of the National Football Foundation. Gary has an excellent passing record, having recorded 1300 yards this past season. He is the son of Mr. and Mrs. Lawrence Paske of 2998 Rosemary Lane.

BLACKFORD BEAT

BY DIANE GIPSON CAROL COOK

Blackford's student government day was held Tuesday of last week. This is a day when various students who are active in our student government literally take over the main administrative positions of our school.

Terry Rager, our president played principal for one day while Steve Harrington took the place of our director of education; Tim Briggs, our dean of boys; Sue Pisano our dean of girls and Sue Heiden was our librarian and secretary.

The counselors were as follows: senior councilor, Benson Kanemoto; junior counselor, Margaret Davenport; sophomore counselor, Kandee Kloes; and freshman counselor, Bob Campbell, Surprisingly enough, the day went by without one major catastrophe.

Tuesday evening both the Braves' varsity and frosh/soph teams scored victories over the Westmont Warriors. the varsity score read 71-47, and the frosh/soph, 50-26, for two big victories for the Braves.

On Wednesday the primary student body president elections were held. In the running were Sue Pisano, Benson Kanemoto, and Bob Campbell. Benson and Sue will be the two candidates for the final spring semester elections.

Friday night a victory dance was held in Blackford's cafetorium to celebrate another big win for our Braves. In an exciting game Blackford's varsity overtook Leigh High School's Longhorns with a 56-37 victory. Our frosh/soph team trounced the frosh/soph Longhorns with a score of 52-30.

In short, it was a very big and important week for the Braves.

BUC BANTER

BY MARY KNOWLES

Last Wednesday, the students of Campbell were treated to a rare assembly. Robert Nestor from the Oak Ridge Institute of Nuclear Studies gave an extremely interesting lecture on "Our Atomic World." Most students felt that this assembly was the most interesting and worthwhile one of this year.

Also on Wednesday, Larry McCommas and John Hall, music and drama teachers respectively, cast the actors for this years musical "Camelot". Playing the lead roles will be Mark Ebner as Sir Lancelot, and Walt Ritter as King Arthur. In supporting roles are: Bob Bryant, Larry Chura, Wes Clark, Sharon Walker, Lindsay Johnston, Derek Woodhouse, Chuck Mork, Robbie Robertson, Gail McEvoy, Mark Charters, Mark Ammerman, Connie Schnieder, Don Russell, Don Womack, Hal Bain, Linda Fouts, Bob Elder.

The ladies of Camelot are: Christian Sandstrom, Frances Acken, Candy Carraher, Nancy Norman, Tronnie Palmer, Kathy Tawil, Karen Cully, and Barbara Martindale. Larry McCommas says enthusiastically, "We're two months ahead of past years...but we've only got $2,000 to produce what cost Broadway several millions."

Mrs. Vivian Stallkamp has joined the staff of Campbell for an indefinite period of time while substituting for our regular Dean of Girls who is recuperating from an operation. In addition to subbing for Mrs. Christina Motmans, Mrs. Stallkamp also has to keep up her normal work in the district office.

"I first came to Campbell High to teach 17 years ago...it's really shocking to find when, for instance, you're making out tardies, that you taught the parent of the student who is standing before you."

On Friday, the Girls Athletics Association will present the first Sock Hop of the year. Students will be afforded an evening of freedom from those awful SHOES. Prizes will be awarded to those with the most cleverly decorated socks. The popular singing group "Me and the Others" will provide the music for the dance.

One of the new singing groups in the area is the "People From the Place." The group, composed mostly of Campbell students, includes Jerry Logan, a former Los Gatos student, and Steve LoBue, Ron Sekavec, Al Marseline, and Dan Thoreaux, all of Campbell.

Don's Dateline

by Carole Clark

Senior, Nancy Bonanno, has been named Del Mar's 1966 Betty Crocker Homemaker of Tomorrow. Nancy scored highest in a written knowledge and attitude test taken by senior girls, Dec. 7 and now is eligible for state and national honors. Highest ranking girl in the state will win a $1,500 scholarship from General Mills Inc., sponsor of the Annual Betty Crocker test. State runner up will receive a $500 Educational gift. Last years winner from Del Mar was Janice Bacci.

Younglife had their first ski trip, on the weekend of Jan. 7-9. The group consisting of 100 students from the valley, journeyed to Dodge Ridge.

Del Mar students attending University of California, have shown high academic ability, according to the office of Educational Relations of the Berkeley campus. Only 88 schools exceed the Dons, while 623 have acquired lower ratings.

The Senior Ball will be held March 11 at the Los Gatos Elks Club. The after ball party will be held at the Los Gatos Swim and Racquet Club. Bids for the Senior Ball will be $4. A theme for the dance has not been chosen as of this writing.

The Del Mar faculty will challenge the K.Y.A. disc jockeys on Feb. 8, at 8:15 p.m. Tickets will sell for $1.

Representatives from the Pacific Gas and Electric Company, Mrs. Jessie Hughes and Miss Loretta Standley, visited the senior homemaking classes Jan. 14. Title of the visit was "Tricks, Treats with Small Portable Appliances." A film was shown on different appliances and their care and uses.

Girls Sports ends basketball season and hockey season, which began before Christmas vacation. Games are held Tuesday and Thursday after school. Finals will be held Saturday Jan. 22, from 9 a.m. to 1:30 p.m.

Eastern Star

Order of Eastern Star, Campbell Chapter 553, will meet at the Grange Hall, 109 N. First St., on Friday, Jan. 21 for an elective party. Invitations have been sent to all associates.

Mrs. Frank Whitham is chairman of the evening. A "Gala Roma" is planned. Mrs. Edward Fritts, Worthy Matron, will officiate.

WARRIOR WAYS

BY LYNDA WYCKOFF

By Lynda Wyckoff

Westmont's Senior Ball preparations are now underway. The ball is to be held in the school cafetorium on Feb. 5. Better hurry and ask your favorite gal, boys!

Friday, Jan. 14, was the date set to vote for the new proposed Westmont constitution and for the various candidates for council offices. Those competing for the office of student body president were Jeff Dean, Dave Darugh, Danny Marke, and Roger Pearson. The three who failed to win will take the positions of vice-president, secretary, and yearly councilman, respectively.

There are also 12 competing for the three vacancies on student council. They are, Russ Long, Gorden Grabell, Debbie Delawarence, Carlos Avilla, Marilynn Springer, Toni Angus, Steve Spencer, Rick Liddell, Rick Barline, Gretchen Stolle, John Page, and Gale Kirby.

WARRIOR OF THE WEEK
RICK WOOLWORTH

Rick is a senior at Westmont this year, and is very active in sports and school activities. He made all league as a first string player on Westmont's football team. He plays halfback.

Baseball is another favorite, and he hopes to continue with sports in college.

Rick maintains a B plus average and plans on majoring in business management.

Rick has two brothers and two sisters. His older brother, Larry, was a star football player for Saratoga High.

When asked what he thought of Westmont, Rick replied, "Westmont is a great school, -the kids all have so much spirit and enthusiasm for everything that happens."

SOCIAL SECURITY

Questions and Answers

Q. I am past 65, but have never filed for social security because I still work and earn too much to receive monthly benefits. Someone told me I should apply now because of health insurance. Is this true?

A. Yes. We need to establish a record to show that you are eligible for health insurance. The fact that you are working does not affect your eligibility for health insurance, and you need to make a choice before March 31, 1966, on whether you wish medical insurance coverage. You should get in touch with your Social Security Office at once.

Q. My aunt is 78 and has never worked under social security. Is there any way she can get coverage under Medicare?

A. Yes, with few exceptions, everyone who will reach age 65 before 1968 will be covered by the Medicare Law. Since your aunt is not receiving social security benefits, however, she needs to apply to have the protection. Have her write or call the nearest Social Security Office for further information.

Q. I'm getting social security benefits because I'm disabled. I'm 52 and my drug bills are about $40 a month. Can I get help under Medicare?

A. No. Medicare is available only to those persons 65 years of age or older.

Q. Is it true that a person cannot qualify for Medicare unless he is medically indigent?

A. There is no limit on the amount of earnings or income a person may have to qualify for Medicare. The only requirements are that a person must be 65, and if not entitled to social security or railroad retirement benefits, he must be a citizen of the United States, or an alien who has lived in the United States for at least five years. He will have these benefits only if he applies.

Adult classes open Jan 31

A four-unit evening course in computer maintenance, electronics 52, will be offered by West Valley starting Jan. 31. Instructor will be James F. Turner, associate engineer for the IBM Corporation.

The lecture-laboratory course will meet at 7 to 10 p.m. in Room C-5. Students will receive training on a digital computer, the Fabri-Tek (Bi-ran Six), a machine especially designed for the teaching of computer maintenance.

Requirements to enroll include:

Present employment in the computer industry or

Present employment in the electronic industry with a minimum of one year of formal education at the college level in electronics, or completion of service electronics courses with experience, or

Completion of two semesters of basic electronics in a junior college, or

Instructor approval in lieu of any of the above if the student can demonstrate sufficient aptitude in computer maintenance to profit from the course.

Cub Scouts

PACK 317

The January pack meeting for Cub Scout Pack 317 was held on Jan. 7 at Rogers Junior High School. Jack Whittaker, Institutional Representative for Pack 317, presided over the meeting.

Paper Drive Chairman, Roger Leischner, announced our upcoming paper drive which will be held on Feb. 19 - 22. We hope all our friends will help by saving their old newspapers for us.

Pack 317 will be presenting a display in the window of Campbell Public Library during Scout Week, Feb. 7 - 13. The display case inside the library will hold various craft projects made by Cub Scouts. The public is invited to visit the display.

Bobcat induction ceremonies welcomed Deryl Lein into our pack. He will be a member of Den 3, and we hope our pack will continue to grow.

Frank Russell then led the Cubs in a few games, after which the colors were retired, thereby closing the meeting. Refreshments were served to Cubs and parents, thanks going to Den 1. The next pack meeting will be held on Wednesday, Feb. 23. This meeting will be our annual Blue and Gold Dinner. Place of meeting will be announced at a later date.

Council of churches slates annual dinner on Thursday

Influence of the ecumenical movement will be felt in this area Jan. 20 when the annual dinner meeting of the Northern California-Nevada Council of Churches is held at 6:30 p.m. in the pavilion of the Santa Clara County Fairgrounds.

Principal speaker will be Bishop Reuben H. Mueller, president of the National Council of Churches and the board of bishops of the Evangelical United Brethren Church. His subject will be "Co-operative Christianity".

Delegates from all Protestant and Orthodox denominations belonging to the National Council of Churches will be present at the dinner.

The Rt. Rev. Monsignor John J. Healy, dean of Catholic clergy in Santa Clara County, will bring greetings from Archbishop Joseph P. McGucken of the San Francisco Archdiocese of the Catholic Church.

Dr. Robert D. Clark, president of San Jose State College, will preside as chairman of the local committee on arrangements.

New officers of the council, headed by Bishop Donald H. Tippet of the California-Nevada Conference of the Methodist Church, will be installed at the dinner.

The dinner is open to the public and reservations may be made by calling the Santa Clara County Council of Churches, 297-2660.

PRIZE WINNING ROSES

Every year the All America Rose Selection judges put hundreds of fine new roses through intensive testing, then choose the top performers for the coveted AARS awards. This year two superb hybrid teas, American Heritage and Matterhorn, and a delightful floribunda called Apricot Nectar were selected winners for 1966.

These winning roses are not only outstandingly beautiful, but exceptionally vigorous and disease resistant as well. They are arriving in bareroot form in your locality now and will be in great demand, so the California Association of Nurserymen suggests that you make your selections early in order to avoid disappointment.

American Heritage is one of the most distinctive new tea roses of modern times. It's exquisite bud form, long cutting stems and elegant foliage are outstanding features; but it is its unusually beautiful flower coloration that will capture the heart. The slim young buds appear in cream and canary yellow, gradually become tinted with shades of scarlet and vermillion as they open.

Matterhorn, the first white hybrid tea to win an award in six years, combines beauty and unusual vigor to a degree unequalled by any other white rose. Featuring ivory white buds of near perfect form and shape and a free-branching plant, Matterhorn produces an extraordinary number of long-stemmed roses of glistening white, cooly shadowed by just a hint of green.

Apricot Nectar is a delightfully fragrant floribunda rose, bushy and low-growing, with continual masses of large flowers in the clear, soft apricot shade its name suggests. The large clusters of firm, attractive buds open into blooms up to 5 inches across, made up of gracefully swirling, frilled petals. Each large cluster is set with a sufficient number of huge flowers to create an individual bouquet.

ARISTOTLE

Aristotle is known as "The Father of Zoology."

Local high schools prepare for annual B. of A. awards

Local high schools are currently in the process of selecting outstanding students to compete in the 1966 Bank of America Achievement Awards program.

The selection by school faculties under the guidance and approval of the principal is the first step in what will ultimately result in cash awards of $1,000 to 16 of Northern California's finest all-around high school seniors.

All told, 1966 will see Bank of America awarding 6,400 certificates, 2,300 plaques and $99,000 in cash to seniors throughout the state, according to Roland Risso, vice president and manager of the bank's Santa Clara branch.

He is serving as coordinator for the local competition in which the following high schools are participating: Campbell, Del Mar, Westmont, Blackford, Camden and Leigh, of the Campbell Union High School District; Emil R. Buchsen, Santa Clara and Adrian C. Wilcox, Santa Clara; Holy Cross and Santa Cruz, Santa Cruz; Los Gatos; San Lorenzo Valley, Felton; Saratoga; and Soquel High.

"Plaque award winners from each school will have the opportunity to advance to zone competition in Santa Clara on April 14," Risso pointed out.

"Students will be judged on the basis of scholastic achievement, extracurricular activities, and interviews before a panel of civic leaders. The top student in each of four fields--science and mathematics, liberal arts, and vocational arts--will then advance to the final event.

"This year's finals will take place May 12 at the Hilton Hotel in San Francisco, with finalists vying for cash awards of $150, $250, $500 and $1,000 in each study field."

Risso added that the West Bay zone is one of nine non-competing divisions throughout the state, four in Northern California and five in the South.

Cupertino bank offers '66 car registration

Vehicle registration renewal season for 1966 is now underway. In addition to service at Department of Motor Vehicle field offices and at auto club offices for members, vehicle owners in this area may submit their punched card application forms received by mail from DMV at Wells Fargo Bank, 10260 South Saratoga-Sunnyvale Road, Cupertino, during banking hours between now and close of business on Friday, Feb. 4.

Charles Davis, manager of the bank, said that a DMV cashier is stationed there to serve motorists who wish to pay their 1966 fees for autos, trucks, trailers, or motorcycles.

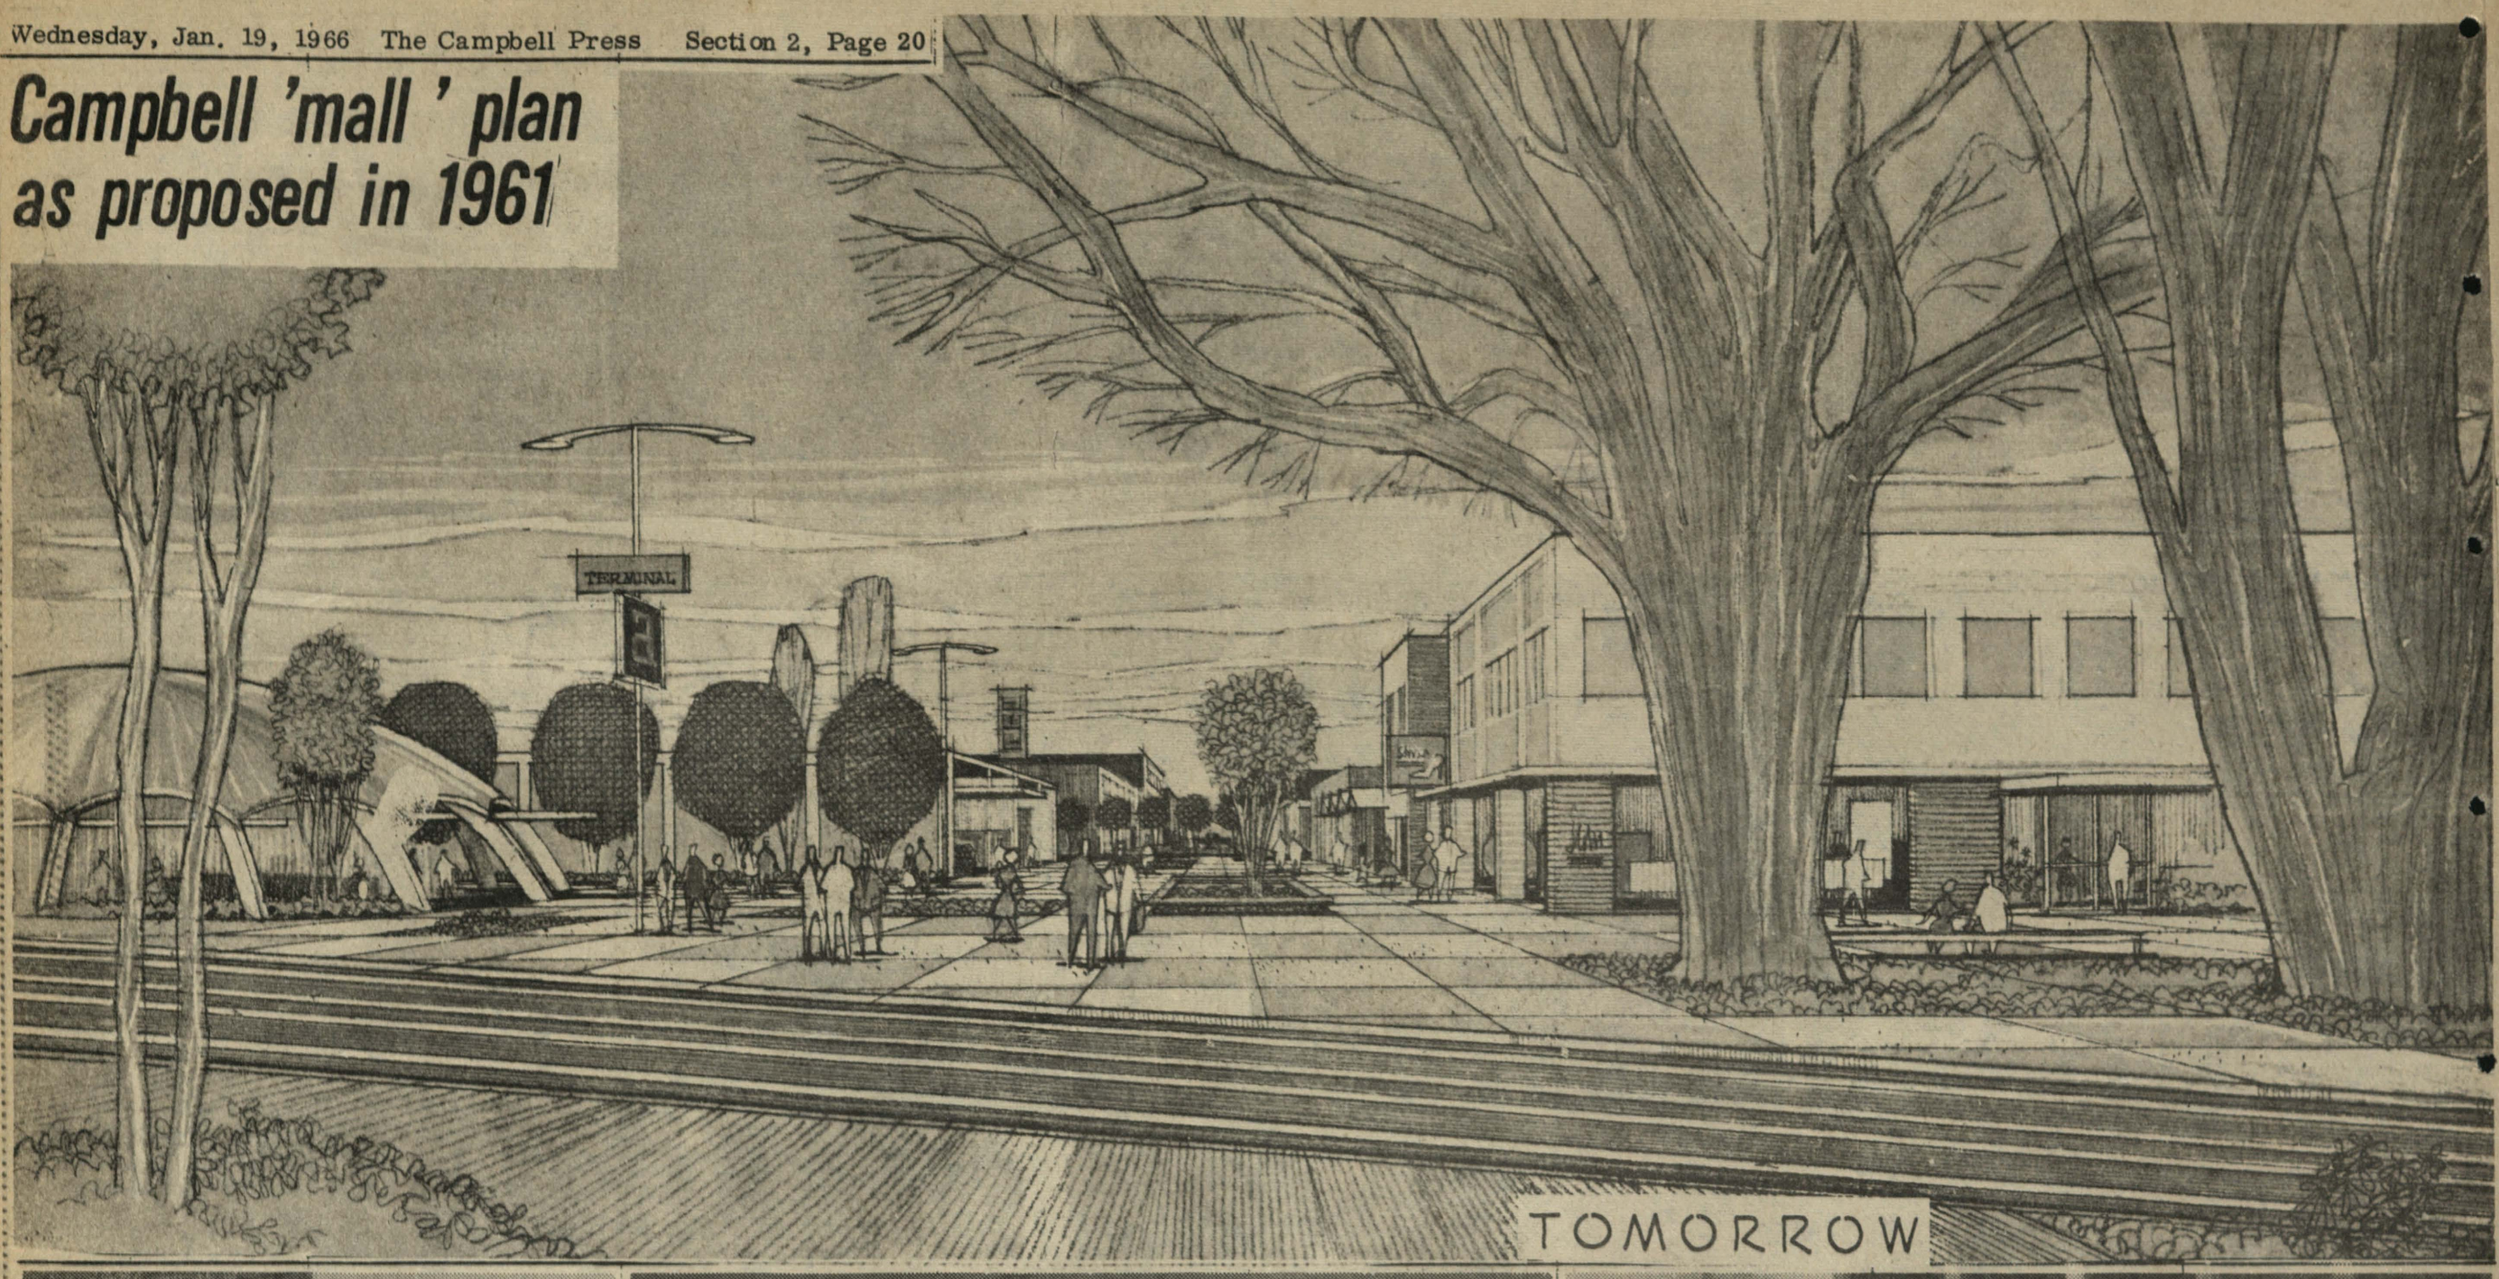
Applicants are asked to be sure to bring with them, the complete statement card without detaching the stub. In a rapid transaction that can be accomplished in as little as 30 seconds, they will receive, upon payment of fees, a validated 1966 registration card, and the yellow sticker which goes on the upper right corner of the rear license plate.

Motorists who do not receive mailed statements, or who wish to transfer ownership or change registration classification, will need to go to a regular DMV field office for service.

"VALUE"

"Value" means lightness or darkness of hue.

Campbell 'mall ' plan as proposed in 1961



One-year old goes to college as "papoose" on mother's back

Old-fashioned modes of transportation may be all right for some, but not for one-year-old Bridgette Tierney; she's a modern-day papoose.

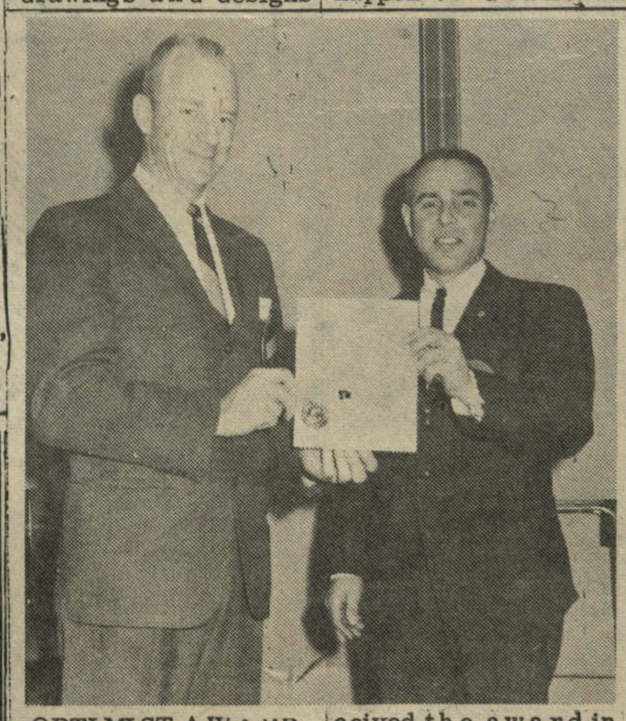
Bridgette goes everywhere on her mother's back--to the supermarket, bike-riding, calling--and enjoys it immensely. She often takes her afternoon nap from the same vantage point.

Last week she went along for the ride when mom--Mrs. Jo Ann Tierney of 815 Deland Ave., San Jose, kept a counseling appointment and enrolled as an English major at West Valley College. She cooed and giggled, gently pulled her mother's hair.

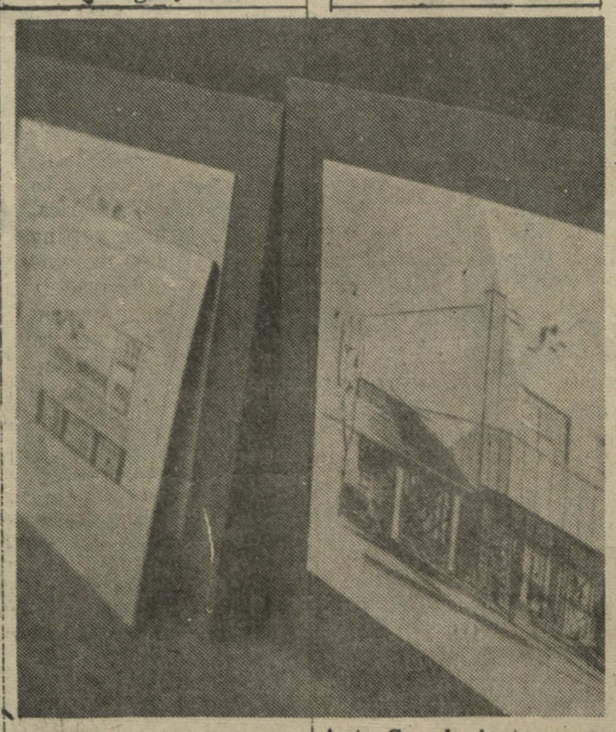
DOWNTOWN CAMPBELL--Dick Hogan, planning director, stands by a series of drawings and designs that illustrate several ideas (including the original mall presented in 1961) of what could happen to downtown Campbell Ave. in the future. An overflow crowd attended the hearing on the subject Monday night.

OVERFLOW CROWD - The SRO sign was hung out early at the Planning Commission meeting Monday night when an "informal" hearing was held on proposals for the improvement of downtown Campbell Ave.

PROGRESS EDITION 1966



OPTIMIST AWARD - Alton J. La Plante (left) is presented a life membership in Optimist International by fellow businessmen of the Campbell Optimist Club. La Plante received the award in recognition for his continuing service and dedication. He was the Campbell Optimists Club's first president. Making the presentation is President D. C. "Mac" McClausland.



CHANGES BUILDING - Approval was granted by the Planning Commission Monday night for two signs that will be placed on the Clark's Drugs building at Harrison and Campbell avenues. American Auto Supply is to move across the street from its present location. A number of designs (above) were displayed at the meeting to show how the two 8-foot x 66-foot signs will change the looks of the building.

CENTER OF ATTENTION--A determined effort will be made on Monday night at the City Council meeting by interested citizens to get the city approval for the installation of traffic lights at Winchester Blvd. and Rincon Ave. pictured above.

State allocates vehicle fees to cities - counties

A total of $14,641,194 has been apportioned among California's cities and counties from State motor vehicle license fees, State Controller Alan Cranston has reported.

Based on a population of 21,800, Campbell receives $11,556.04.

This is the first of three apportionments to be made during the 1965-66 fiscal year. It is revenue from fees collected from June 1 to Nov. 30, 1965. Apportionments in April and June will be larger.

San Jose's allocation based on 328,300 population is $174,029.05.

Cranston said all but a minor portion of motor vehicle license fees goes to local governments because the fees take the place of a local property tax on motor vehicles.

Santa Clara County with 881,100 population gets $345,888.19.

State law requires deductions from the total collections to cover interest charges on highway bonds and for support of the Department of Motor Vehicles license fee division.

Cranston said there is no State restriction on the expenditure of the money other than that the cities and counties use it for general public purposes.

The fees are allocated on the basis of a population formula.

Campbell leads in new firms from 1955 to 1965

Campbell showed the biggest gain of any city in the county in new businesses during the ten year period from 1955 to 1965.

Santa Clara County listed 48.7 % more businesses in 1965 than in 1955, according to a report released by Dun & Bradstreet. But Campbell showed a gain of 160.7 %. In 1955 there were 153 businesses listed and in 1965 399.

All of the cities in Santa Clara County showed an increase in the number of listed businesses. San Jose realized a 46.4% increase, Palo Alto a 13.5 % gain, Santa Clara a 80.8% increase, Sunnyvale, 111.3 %, Mt. View a 60.1 % gain, and Los Altos a 17.3 % gain in the number of businesses for this ten year period. Los Gatos gained 11.9 % from 320 to 358.

"There were 8, 926 businesses listed this past year in Santa Clara County, which is an increase of 2,922 businesses over 1955," said Russell Borkheim, manager of the San Jose office of Dun & Bradstreet.

Basing his facts on the figures in the November, 1965, Reference Book, Borkheim points out that the 47 counties of Northern California, as a whole, showed an increase of 6 % for this ten year period, and the 9 Bay Area counties listed 3.2 % more than in 1954. 7 of the 9 Bay Area counties showed

The Reference Book lists only manufacturers, wholesalers, retailers, and some service companies such as gasoline service stations and laundries. It does not include all professional and service businesses such as barber and beauty shops, real estate and stock brokers.

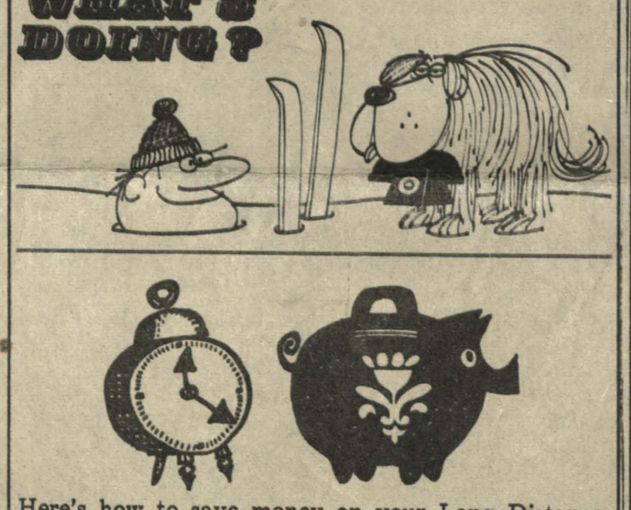
Last month business concerns in all parts of the country received requests for their annual financial statements. Requests this year went to over three million businesses in over 50,000 communities in the U. S. which are listed in the Dun & Bradstreet Reference Book.

These statements become a part of the Dun & Bradstreet credit reports, and a credit rating is assigned in the Reference Book. Each Reference Book listing is a condensed summary of the information contained in the Dun & Bradstreet credit report. The report includes an analysis of the financial statement, a history of the business, and a description of what the business does, and how it pays its bills.

"More than 95 % of all commercial transactions in the U.S. are made on credit terms," continued Borkheim. "Dun & Bradstreet is an intermediary between the buyer and the seller. We gather and interpret essential credit risk before shipping or selling, by industry and insurance underwriters as a basis for business decisions."

MT. PELEE

The eruption of Mt. Pelee on the Island of Martinique in 1902, causing the death of 28,000 persons, was the most sudden and devastating disaster ever recorded.



Here's how to save money on your Long Distance calls. Call *station-to-station*, in the evening or on weekends, and you can say a lot more for your money. Before you pick up the phone, it's a good idea to make a few notes about what you want to say. That way you won't forget anything. Remember, long distance rates are lowest every night and all day Sunday. You'll find the exact times for most economical calling in the front pages of your telephone directory.

• • •

I know elephant jokes are no longer in style, but here's a tale that's supposedly true. Calls from this country to Capetown, South Africa, had a hard time getting through, thanks to some African elephants. It seems the elephants were using telephone poles as back-scratchers, causing so much interference with their scratching that callers from the U.S. couldn't be heard.

• • •

Our latest figures show that here in the Campbell exchange, there are 33,404 telephones in use. This may not seem like a lot - - - until you realize that that's more phones than there are in the entire country of Guatemala. We are indeed fortunate to have a telephone system that is both widespread and inexpensive. In most places, it's luxury.

• • •

Coin telephones have changed quite a bit since they were first introduced some 75 years ago. Tomorrow's phones will be streamlined (notice the single coin slot) . . . and quiet, too, when you deposit your coin. Why these changes? Simply to make the phones look and work even better than before.

NOTICE OF TRUSTEE'S SALE
No. TW # 25

On FEBRUARY 4, 1966, at 11:00 o'clock A.M. at the front entrance to the Mountain View City Hall, 540 Castro Street in the City of Mountain View, County of Santa Clara, California, TRANS-WEST SECURITIES CORPORATION, a corporation as Trustee under the deed of trust made by GLEN H. GEIGER and ANNA M. GEIGER, his wife, and recorded July 27, 1962 in Book 5661, Page 674 of Official Records of Santa Clara County, California, given to secure an indebtedness in favor of MOUNTAIN VIEW SAVINGS AND LOAN ASSOCIATION, a corporation now owned and held by MOUNTAIN VIEW SAVINGS AND LOAN ASSOCIATION, a corporation, by reason of the breach of certain obligations secured thereby, notice of which was recorded September 29, 1965, in Book 7120, Page 584, of said Official Records will sell at public auction to the highest bidder for cash, payable in lawful money of the United States at the time of sale, without warranty as to title, possession or encumbrances, the interest conveyed to and now held by said Trustee under said deed of trust, in and to the following described property, to-wit:

that property in the City of CAMPBELL, SANTA CLARA County, California,

Beginning at a point in the Southerly line of Campbell Avenue, said point being S. 0° 06' 22" E. 25.00 feet and N. 89° 51' 29" W. 1213.73 feet from a 3/4 inch iron pipe set in the center line of Winchester Boulevard, W. 1213.73 feet from a 3/4 inch iron pipe set in the center line of Winchester Boulevard, formerly the Santa Clara and Los Gatos Road, for the Northeast Section corner for Section 34, Township 7 South, Range 1 West, M.D.M.; said point of beginning being the Northwesterly corner of that certain parcel of land conveyed to Ivan F. Froid et ux, by Deed dated July 9, 1954 and recorded July 9, 1954 in Book 2912 of Official Records, page 172, Santa Clara County Records: thence leaving said Southerly line of Campbell Avenue and running along the Westerly line of said parcel of land so conveyed to Froid, S. 0° 13' 31" W. 145.00 feet to the TRUE POINT OF BEGINNING of this description thence parallel with the said Southerly line of Campbell Avenue, S. 89° 51' 29" E. 54.78 feet to a point in the Westerly line of that certain parcel of land conveyed to Mervyn O. Nicholls et ux, by Deed dated February 16, 1948 and recorded January 5, 1959 in Book 4279 of Official Records, page 533, Santa Clara County Records, distant thereon S. 0° 08' 31" W. 145.00 feet from the Northwesterly corner of said Nicholls parcel in the said Southerly line of Campbell Avenue; thence Southerly along the Westerly line of said Nicholls parcel, S. 0° 08' 31" W. 163.15 feet to the intersection thereof with the Northerly curved line of a proposed street, as said street is shown upon the Record of Survey for Salice Way, Rose Court and Jeffers Way, filed for record in the office of the Recorder of the County of Santa Clara, State of California, on January 9, 1962 in Book 141 of Maps, page 56; thence Westerly along said Northerly line from a tangent bearing N. 56° 39' 05" W., on a curve to the right, having a radius of 20.00 feet, through a central angle of 11° 12' 11", an arc distance of 3.91 feet to a point of reverse curvature in said Northerly line; thence continuing along said Northerly line of a proposed street, on a curve to the left having a radius of 50.00 feet, through a central angle of 64° 14' 58", an arc distance of 56.07 feet to the intersection thereof with the said Westerly line of the parcel of land so conveyed to Ivan F. Froid, et ux; thence leaving the Northerly line of said proposed street and running along the Westerly line of said Froid parcel, N. 0° 13' 31" E. 149.58 feet to the true point of beginning, and being a portion of Section 34, Township 7 South, Range 1 West, Mount Diablo Base and Meridian.

for the purpose of paying obligations secured by said deed including fees, charges and expenses of the Trustee, advances, if any, under the terms of said deed, interest thereon and $34,398.33, in unpaid principal of the note secured by said deed, with interest thereon from July 1, 1965, as in said note and by law provided.

No. 34272
NOTICE OF TRUSTEE'S SALE

NOTICE is hereby given that on Tuesday, the 15th day of February, 1966, at the hour of 11:00 o'clock A.M. at the front entrance of 3133 Stevens Creek Road, in the City of Santa Clara County of Santa Clara, California, SECURITY GUARANTEED AGENCY, INC., as Trustee, will sell at public auction to the highest bidder, for cash, in lawful money of the United States, all payable at the time of sale, the following described real property, situate in the City of Campbell, County of Santa Clara, State of California, and described as follows:

BEGINNING at a one inch pipe at the point of intersection of the Westerly line of the San Tomas Aquino Road with a line which is 22 feet Southerly at right angles from the Northerly line of Bucknall Avenue (40 feet wide); thence from said point of beginning South 88° 29' West along said line in Bucknall Avenue 1131.715 feet to a point from which a one inch underground pipe at the most Easterly corner of that certain 30 acre tract of land conveyed by William C. Bucknall to Elizabeth A. White, et al, by Deed recorded March 2, 1937 in Book 811 of Official Records, page 285, Santa Clara County Records, bears South 88° 29' West along said line in Bucknall Avenue 173.385 feet, said point being the True Point of Beginning of this description; thence from said true point of beginning along said line in Bucknall Avenue, North 88° 29' East 73.385 feet to the Southwesterly corner of the parcel of land conveyed by Francis A. Gonsalves, et ux, to Della May Garthwait, by Deed dated March 31, 1949, recorded April 22, 1949 in Book 1776 of Official Records, page 446, Santa Clara County Records; thence North 0° 09' East along the Westerly line of the parcel of land so conveyed to Garthwaite 200 feet, more or less, to the Southeasterly corner of that certain parcel of land described in the Deed from George Herman Padelt, et ux, to Ira Kirkorian, et ux, which Deed was recorded June 19, 1959 in Book 4454 of Official Records, page 75, Santa Clara County Records; thence along the Southerly line of said parcel to Kirkorian South 87° 30' West 73 feet, more or less, to the intersection thereof with a line which bears North 0° 09' East from the true point of beginning; thence along said line, South 0° 09' West 200 feet, more or less, to the true point of beginning and being a portion of the Quito Rancho.

EXCEPTING THEREFROM the interest granted for use as a public road and highway of that portion of premises lying within the bounds of Bucknall Road from W. C. Bucknall et al to County of Santa Clara, by instrument dated August 10, 1925 and recorded September 15, 1925 in Book 179 Official Records, page 593.

Said sale will be made, without covenant or warranty regarding title, possession or encumbrances, to satisfy the obligations secured by and pursuant to the power of sale conferred in a certain deed of trust executed by YONEO J. SUHAMA AND CORA S. SUHAMA, formerly CORA S. PADELT as Trustors, to SECURITY GUARANTEED AGENCY, INC. as Trustee, for the benefit and security of ARTHUR H. LIPPOLD AND HATTIE E. LIPPOLD, his wife as joint tenants, dated May 8, 1964, and recorded May 18, 1964, in Book 6507, Page 5, Official Records of the County of SANTA CLARA, State of California. Default was recorded SEPTEMBER 30, 1965.

New play opens in Saratoga

Play-goers are looking forward to Los Gatos-Saratoga Community Theater's production of "The Curious Savage" which opens Friday night, Jan. 21 at the Saratoga City Theater, 13777 Fruitvale Ave., Saratoga.

The play is directed by Paul Gurev of 200 W. Hamilton Ave., Campbell. Gurev has long been associated with show business, directing and acting in plays for live audiences and for television.

Others familiar to the local scene who will appear in the play about asylum inmates are Bob Langmayer, Louise Collins, Len Stonehill, Blaine and Charlotte McFaddin, Nancy Lynn, Phyllis Barmenter, Harry Barlow and Walter Leskiu. Show time is 8:30 p.m. and will run again Jan. 28, 29 and Feb. 4 and 5.

WOMEN MARINES

More than 20,000 women enlisted in the Marine Corps during World War II.

LEGAL NOTICE

RESOLUTION NO. 1975
BEING A RESOLUTION AND NOTICE OF INTENTION TO ANNEX CERTAIN UNINHABITED TERRITORY CONTIGUOUS TO CITY OF CAMPBELL DESIGNATED AS McGLINCEY 1965-9 ANNEXATION TO CITY OF CAMPBELL, AND FIXING TIME AND PLACE OF HEARING PURSUANT TO PROVISIONS OF ANNEXATION OF UNINHABITED TERRITORY ACT OF 1939, AS AMENDED.

WHEREAS, the City Council of City of Campbell has received a written petition from the owners of not less than one-fourth (1/4) of the area and of the assessed value of certain contiguous uninhabited territory, according to the last preceding equalized assessment roll of the County of Santa Clara, State of California, in which such territory is situated; and,

WHEREAS, said petition requests the annexation of said uninhabited territory as defined in the Government Code of California, a municipal corporation; and,

WHEREAS, the proposal for the annexation of said uninhabited territory to the City of Campbell has been submitted to the Boundary Commission of the County of Santa Clara, State of California, and that the boundaries thereof have been approved and certified as to their correctness by said Boundary Commission; and

WHEREAS, the City Council finds and determines that it is for the best interest and general welfare of the people of the City of Campbell that said property referred to and hereinafter particularly described, be annexed to the City of Campbell;

WHEREAS, the City Council desires to designate said annexation as McGLINCEY 1965-9 Annexation to the City of Campbell as the approximate name by which said annexation shall hereafter be referred; and

WHEREAS, the City Council desires to annex the said territory to the City of Campbell, California; and

WHEREAS, there has been compliance with all other statutory requirements provided by the "Annexation of Uninhabited Territory Act of 1939", as amended,

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Campbell that it is intention to annex to said City pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939, as amended, the territory commonly known and designated as McGLINCEY 1965-9 Annexation to the City of Campbell, the description of which is set forth in Exhibit "A" entitled "Description for McGlincey 1965-9 Annexation to the City of Campbell", which is attached hereto and made a part hereof.

BE IT FURTHER RESOLVED, AND NOTICE IS HEREBY GIVEN, that MONDAY the 14th day of February, 1966 at 8:00 P.M. of said day at the Council Chambers of City of Campbell, in the City Hall, 75 North Central Avenue in City of Campbell, are hereby fixed as the time and place for the hearing of written protests and objections to the said proposed annexation, which said protests shall state the names of all of the owners of the property affected, and the description and area of the property in general terms; and

BE IT RESOLVED that a copy of the Resolution and Notice be published once a week for two successive weeks in The Campbell Press, a newspaper of general circulation, published in said City, and once a week for two successive weeks, in the Los Gatos Times-Saratoga Observer, a newspaper of general circulation, published in the County of Santa Clara, California, and that the City Clerk forthwith mail a written notice of the proposed annexation to each person to whom land within the territory proposed to be annexed is assessed in the last equalized county assessment roll or as known to said Clerk and to any person who has filed his name and address of the lands in which he has any interest, either legal or equitable with said Clerk.

PASSED AND ADOPTED this 10th day of January, 1966, by the following vote:
AYES: Councilmen: Doetsch, Hyde, Rogers, Smeed, Rose
NOES: Councilmen: None
ABSENT: Councilmen: None
APPROVED: Charles Rose, Mayor
ATTEST: Dorothy Trevethan, City Clerk

DESCRIPTION OF LANDS TO BE ANNEXED TO THE CITY OF CAMPBELL BY ANNEXATION ENTITLED McGLINCEY 1965-9

BEGINNING at the most southwesterly corner of Lot 3, as said Lot 3 is shown on that certain map of Tract Number 588 entitled "Barbano Subdivision" as said tract was recorded in Book 22 of Maps at Page 48, May 2, 1949 in the office of the County Recorder of the County of Santa Clara, State of California;

THENCE, North 0° 01' west, 295.03 feet along the westerly line of said Tract 588 to the most southwesterly corner of Lot 1, as said Lot 1 is shown on said Map or Tract Number 588;

THENCE, East, 150.04 feet along the south line of said Lot 1 and its easterly prolongation to the intersection thereof with the east line of Barbano Avenue (60 feet wide) as said Barbano Avenue is shown on said Map of Tract Number 588;

THENCE, North, 90.04 feet along said east line of Barbano Avenue to the beginning of a tangent curve;

THENCE, Northerly, Northeasterly and Easterly an arc length of 31.42 feet along said tangent curve, concave to the southeast, having a radius of 20 feet and a central angle of 90°, to a point of cusp with the southerly line of Campbell Avenue, said southerly line of Campbell Avenue lying 50 feet southerly from the centerline of Campbell Avenue as said Campbell Avenue is shown on said Map of Tract No. 588;

THENCE, West 170.07 feet along said southerly line of Campbell Avenue to the intersection thereof with said westerly line of Tract 588, being a point on the easterly line of that "Parcel Two" or land described in that certain grant deed to Patsy A. Buldo and Pasqualina Buldo, his wife, and Louis Macce and Dolores Macce, his wife as recorded in Book 1565, Pages 324 and 325 of Official Records, February 10, 1948, in the Office of the County Recorder, County of Santa Clara, State of California;

THENCE, North 0° 01' West, 30.00 feet along said westerly line of Tract No. 588 to the southerly line of Campbell Avenue, said southerly line lying 20 feet southerly from said Campbell Avenue as shown on said Map of Tract Number 588;

THENCE, West 501.30 feet along said southerly line of Campbell Avenue to the intersection thereof with the northerly prolongation of an easterly city limits line of the City of Campbell, as established by Campbell Annexation 1956-3, on July 5, 1956, being a point on the centerline of North Union Avenue (40 feet wide) as said avenue is shown on the Map of Tract No. 2798, as said map was recorded in Book 126 of Maps, Page 11, October 6, 1960, in the Office of said County Recorder;

THENCE, South 3° 15' west, 339.97 feet along said easterly line of the city limits to the most northeasterly corner of said Tract Number 2798;

THENCE, East, 20.03, feet along a line parallel with said centerline of Campbell Avenue to the intersection thereof with the easterly line of said North Union Avenue as shown on said Map of Tract Number 2798, being a point on the westerly line of that parcel of land described in that certain grant deed to the Campbell Oriental Mission Art Society Holiness Church of North America as recorded in Book 5904, Page 672, Official Records, February 14, 1963, in the office of said County Recorder;

THENCE, North 3° 15' East, 214.97 feet along said easterly line of North Union Avenue to the northwest corner of that certain parcel of land described in the grant deed to Beatrice Crill as recorded in Book 5229, Page 60, Official Records, July 13, 1961, in the office of said County Recorder;

THENCE, East 216.57 feet along the northerly line of said Crill parcel to the northeast corner thereof, being a point in the westerly line of that parcel of land described in that certain grant deed to George S. Robson, recorded in Book 146, Page 562, Official Records of said county;

THENCE, South, 158.14 feet along said westerly line of said Robson parcel to the southwest corner thereof;

THENCE, East, 70 feet along the southerly line of said Robson parcel to the southeast corner thereof, being a northeasterly corner of said parcel of land conveyed to the Campbell Oriental Missionary Society Holiness Church of North America;

THENCE, South, 151.14 feet along the most easterly line of said last named parcel to the southeast corner thereof;

THENCE, South 89°59' east, 194.70 feet along the southerly line of said parcel of land conveyed to said Buldo, et al to the Point of Beginning;

Containing 3.649 acres, more or less and being a portion of Lot 12, as said Lot 12 is shown and decineated upon the map entitled "Map of the Subdivision of the Estate of A. Johnson", and which said map was recorded in Volume "A" of Maps, Page 37, in the office of said County Recorder, March 26, 1881.

ON CAPITOL HILL

with "Charlie" Gubser

The first days of a new session of Congress allow comparisons by Members of Congress of what each member found in feeling the public's pulse while in his home district. Thus, each year we are provided with an authentic sample of public opinion.

If the soundings taken by 435 Congressmen from every section of the country are an accurate weathervane of public opinion, here are some of the views held by a majority of Americans.

The Vietnam war so preoccupies the American public that almost every other issue has been obscured to relative insignificance.

Though the war is misunderstood and not enthusiastically supported, a majority of Americans are inclined to support our involvement and trust our national leadership. At the same time they are hoping and praying for a forceful effort by that leadership to achieve peace.

The "Great Society" program which captured the national imagination last year shares relatively little of the limelight concentrated on Southeast Asia. Aside from a very few zealous ultraliberals, there is little inclination in the Congress for any further extension of highway beautification, poverty, aid to education, area redevelopment, and other programs.

In fact, the majority view is that these programs were passed too hurriedly and need to be perfected before they are pushed further. Congressmen from all over the country report concern about the overhead costs of the war on poverty and the diversion of funds intended to reach the poor for salaries and administration of too many varied programs.

Indications are that President Johnson will have a difficult time urging new programs and expanding old ones. The possibility of increasing excise taxes less than a month after they were reduced is not popular.

The hard core of support he had last year from the ultraliberals elected from conservative districts in the Republican debacle of 1964 is extremely edgy about the Vietnam War. It is pondering methods to walk the political tightrope disclaiming the President's leadership in foreign affairs and riding his coattails on domestic matters.

Probably the President will experience most of his trouble in the second session of this Congress from this hard core as it pushes for higher anti-poverty appropriations, more civil rights laws, and more extensive social programs.

If there is peace in Southeast Asia, these objectives may be possible but if the war expands, cutbacks are inevitable. Under this circumstance the left of the political spectrum is certain to rebel against President Johnson and drive hard for increased domestic spending.

The bases for decisions which Congress will make in the next few months are so subject to change that a firm forecast of what is coming is impossible. But indications are that if the war in Vietnam continues, a much harassed President may be forced to compromise with the liberal left of his own party.

The result may well be domestic spending at a level almost as high as last year, military spending of at least $60 billion, the greatest deficit since World War II and considerable inflation--all of which will make a tax increase inevitable.

ANT COLUMN
Driver ant columns of Africa are two inches wide and may be two to three miles in length.
